### Start Plans For Security Loan Drive

Tom Holland Named Chairman, Ingram and Gorham To Assist

Three Villagers who led Palm Springs over the top in successive sales campaigns of U. S. wartime savings bonds have been selected to head the first nation-wide Security Loan campaign in the Village with a quota of \$91,385 in E bonds and \$53,655 in F and G bonds.

Tom Holland who headed the committee during the latter years of World War II has been appointed chairman and will be assisted by his former aides, Fred Ingram, manager of the Bank of America and Postmaster R. M. Gorham.

Illustration on Page 10

UNDER THE GUIDANCE of these three men, Palm Springs never fell short of its quota, doubled many times, tripled it once and established an all-time high in the nation of surpassing the Village quota by four times on one occasion.

The appointment of Holland as chairman and Gorham and Ingram followed a visit and discussion of plans by Riverside chairman in charge of the county's campaign, J. S. Bordwell, and wartime chairman J. Mack Johnson, now acting in an advisory capacity. Quota for the entire county is \$2,960,000.

ON ACCEPTING the chairmanship, Holland said he felt confident that Palm Springs would reach its quota during the campaign which ends June 30.

"It's unfortunate that the campaign falls during the month of June when most of the Villagers are away for the summer," declared Holland, "but I feel sure that those of us who are here for the summer will see that Palm Springs at least hits its set mark."

Ingram stated that the "E" bonds are still the best investment a purchaser can make. He

### Trouble

No Luck Attached To Finding \$1500 Ring

"Finders are not always keepers."

This was the lesson learned by Jack Lemon, 31, former employee of a building supply company here, who surrendered to Palm Springs police Wednesday on a warrant charging grand theft.

According to Detective Durman Ordway, Lemon found a ring last October, valued at \$1500 and pawned it for \$300 in Los Angeles.

Judge Eugene E. Theriault set Lemon's preliminary trial for this morning at 9:30 o'clock. Bail of \$2500 pending trial was furnished by the Nardoni bonding company.

### Junior Chamber

Final Session of Year Held by Organization

Palm Springs Junior Chamber of Commerce held its final meeting of the season in the dining room of the PAGO PAGO last night with retiring president Don Artz presiding.

Speaker of the evening was District vice-president Cliff Brudner of Riverside, who spoke on the relationship of local chapters to the national organization. Dr. R. G. Backstrom is the new prexy of the local organization.

### Life-Saving

Police To Take Intensive Red Cross Course

Members of the Palm Springs police department will undergo an intensive six-hour course in American Red Cross methods of rendering first aid and life saving.

The lessons which will be given in three two-hour periods will start at 7 p.m. and end at 9 p.m., Monday, May 31, June 1 and 2. Instructions will take place in the El Paseo theater with Ben Carpenter, First Aid Instructor of Riverside County for the American Red Cross.

### Honors for War Hero Tomorrow

Military Funeral for Earle Pinckard at World Wars Memorial

The battle-scarred body of Marine Platoon-Sergeant Earle B. Pinckard will be placed in its final resting place beside the grave of his father in the Palm Springs cemetery tomorrow morning at impressive rites.

Thus will the journey which began for the youthful Pinckard in 1940 here in Palm Springs and which carried him through three

### Proclamation

Tomorrow Palm Springs pays tribute to the memory of one of its sons who made the supreme sacrifice in defense of his country.

Earle Pinckard gave his all so that you and I might continue our way of living.

It is the least we can do in honor of this man that we dedicate the hours of the final rites over his remains to a solemn remembrance of his sacrifice and the sacrifices of all who like him fought our battles for us.

Therefore, as mayor of Palm Springs I proclaim the hours of his funeral rites tomorrow, Saturday, May 29, from 10 a.m. to noon, as a Memorial period and ask all Villagers, business men and private citizens, to set aside that period as a time for grateful remembrance and to cease all ordinary activities, in his honor.

Charles Farrell Mayor.

years of bitter fighting in the Pacific against the Japanese, come to a close.

IT WILL BE a military funeral for the young war hero, with a March Field chaplain, a firing squad and a bugler to blow taps, present in the Wars Memorial building at 10 a.m. Saturday morning.

In addition to Chaplain Wilson J. Hammon of March Field, Reverend Harry Gromer of the First Baptist church, Banning, will also officiate at the ceremonies. Following the services the flag-draped coffin with the military guard of honor will make the journey to the local cemetery where interment will take place.

ALSO PRESENT at the funeral will be the war hero's stepmother, Mrs. Ryland S. Pinckard, his brother Edgar Pinckard of San Francisco and two half sisters, Mrs. Gwendolyn McCrary and Mrs. Susie Bloom, of Banning.

Young Pinckard who was among the first of 16 Village war heroes to lose his life was a member.

### End Busy Year

Welfare Association Hears Report at Final Meeting

Final meeting of the season for the Welfare and Friendly Aid association of Palm Springs was held Wednesday at the Health Center with Mrs. Barney Hinkle, president, in the chair.

Reports were heard from committee chairmen on various activities of the association.

Mrs. Harold Hicks reported on activities of the Youth Center recently re-opened after a reorganization period with Mr. and Mrs. Leslie Jackson in charge.

Mrs. Madge Holderman detailed work at the Health Center and said that the free dental clinic would continue through June. Reports on contributions for Welfare work and the Youth Center were presented by Mrs. James Oliver.

The House of Friendly Aid is in charge of Mrs. George E. Davies and she reported on activities there. An appeal was sounded to Villagers leaving for the summer, to bring their discarded clothing to the House, located at the Health Center.

First meeting of the new year for the association will be held September 1.

The desert's first Water Ski carnival is scheduled for Desert Beach, Salton Sea, Sunday, with experts entered in a race over a 25-mile course in the main event.

### Supervisors Get Proposal Of Capitalist

Abraham Tietelbaum of Chicago Explains His Plan for Plant Near City

Proposals of a group of eastern capitalists to create another Santa Anita or Hollywood park out of the desert 15 miles east of Palm Springs were presented county supervisors at a luncheon session at Indio Wednesday.

Chairman W. V. Pittman of the board, James I. Easley, fourth district member, and Ed Hill met with Abraham Tietelbaum, millionaire capitalist of Chicago and listened to his proposal to build a magnificent race track among the date gardens and sand dunes.

THE COUNTY FAIR at Indio is safe, according to Tietelbaum who said that if his plans meant moving of the fair from its present site, he would drop it.

Briefly, according to Chairman Pittman, Tietelbaum offered to build a million dollar race track with all equipment, including stables, a grandstand seating 22,000 and space for 8000 persons to stand and watch the horses.

THEN HE WOULD deed the property to the county and the county would grant him a 50-year lease, or franchise, excluding the 200 acres from taxation, it was reported.

Tietelbaum also would form a Turf Club with a membership of 500. Pittman said the Chicago millionaire told the Riverside at Wednesday's meeting. There would be no stock issue, Pittman said Tietelbaum declared.

A racing association would be formed, with a board of directors.

A 45-DAY racing period would be secured through the proper authorities, according to the Chicago man's plan, Pittman reported.

Commenting on the recently quoted remark that the Fair would be moved away from Indio only over the dead bodies of its 6000 residents, Supervisor Hill declared that if accepting anybody's proposal would mean taking the show from Indio, the tall figure would be 6001, as he too would fight to the last any such plan.

UPSHOT of Wednesday's conference with the Midwest capitalist was that Tietelbaum is to submit his proposal in writing for discussion at a forthcoming meeting of the board of supervisors.

Pittman emphasized that no commitments were made by board members, and "none will be until we have taken a long, cautious look and investigated the whole situation and what it might mean to the Coachella Valley, to Indio

See RACE TRACK, Page 10

### Services for War Heroes at Memorial Hall

Memorial Day services for the nation's war dead will take place for the first time at the newly completed World Wars Memorial building Monday.

The ceremonies in past years were held at the Palm Springs cemetery but Monday morning at 10 a.m. the memorial rites will be held before a large stone plaque on which are engraved the names of 16 World War II servicemen who made the supreme sacrifice.

The services will be in charge of J. M. Connell, Commander of the Owen B. Coffman Post of the American Legion.

Reverend Robert W. Hogarth will offer the opening prayer. The musical program will include songs by a trio composed of Mrs. Violet Fowler, Mrs. Holly Lash Visel and Reverend James Blackstone, pastor of the Palm Springs Community church. Sections will also be sung by the Chancel and Chapel choirs of Community church, under the direction of Mrs. Visel and accompanied by Mrs. Lois Lux. The audience will be asked to join in the singing of the national anthem.

The Reverend Michael O'Connor, pastor of Our Lady of Solitude will deliver the Memorial Day Address and Mrs. Lena Basile will place a wreath before the plaque.

Joe Omlin will direct a firing squad composed of Legionnaires. Joe Garcia will sound taps.

### Youngsters At Cahuilla Win Awards

Twenty-seven members of the Cahuilla school's safety patrol each received certificates of appreciation and faithful performance of duty from Chief of Police August Kettmann Tuesday morning.

Before the presentations were made, colored motion pictures of the Junior Patrols on duty, photographed by Jim Nitch, were shown to the children and their parents.

The youngsters were trained by George Bond, school transportation chief. He and Traffic Officer Howard Poe were present when the certificates were handed out.

### Deny Airport to Be Reactivated

Reactivation of the Palm Springs Airport as a military installation is not anticipated "in the foreseeable future," according to a telegraphic message sent City Manager William E. Alworth by Congressman John Phillips.

Contents of the message which was made public yesterday was in answer to a query sent to Washington by Alworth. It read as follows:

"Concerning Palm Springs airport re-activation, I can find no basis for concern. To meet requirements of expanded air program, reactivating of some installations will be necessary but the airports which have been on a steady basis are probably enough for immediate use.

"If more needed less than 25 of the 630 former Army Air Fields will be affected in implementation of seventy group Air Force program.

"Reacquisition and reactivating of the Palm Springs Airport is not justified at present time and no requirement is anticipated in the foreseeable future. This is a resume of information from Air Force officers whose opinion I consider reliable. Naturally in an emergency anything can happen.

"John Phillips, M. C."

### C. of C. Board Straightens Out Legal Tangle

Terms of all officers and directors of Palm Springs Chamber of Commerce expire Dec. 31 this year, no matter when they were elected or appointed, it was decided at a board of directors' meeting at the Fiesta House Wednesday.

Twenty-two directors, who were elected in March and April, learned at the meeting that they really weren't directors at all. Lawyers Lyle Newcomer and Hilton McCabe explained that the elections had not been held in accordance with the much-amended by-laws. The executive committee wasn't properly constituted, either, the surprised directors learned.

THE TWELVE legally elected directors, most of whom were fortunately present, were able to get things straightened out by further amending the by-laws. As a result, not only were the twenty-two directors properly appointed to hold office but the board was enlarged from 35 to 40 to make room for five holdovers who hadn't resigned and nobody seemed to know what to do with.

The new board then elected Oliver Jaynes, vice-president, and Kenneth Colborn, treasurer, to fill the vacancies left by Kenneth Kirk and Charles Mathews. Named on the executive committee were the five officers, Charles Mathews, Dick Joy, Jaynes, Stan-

See C. OF C. BOARD, Page 3

### To Los Angeles

Terry Senn Transferred To Children's Hospital

Six-year-old Terry Senn, who was seriously burned in a fire at Pioneertown early this month, was transferred from the Palm Springs Community Hospital to Children's Hospital in Los Angeles Wednesday.

The young fire victim, now on the road to recovery, will undergo a series of skin-grafting operations in Los Angeles.

He sustained third degree burns of the head, arms, and legs. For a time, at the local hospital, doctors despaired for his life. He was well enough this week to be moved.

### Thief Gets Gift to Boys

Load of Tile, Meant for New Clubhouse, Carted Away During Night by Meanest Man

Meanest thief in the Village is being sought by police as the person who carted \$50 in tile brick from the construction site of the Palm Springs Boy's Club.

The brick which was donated by Milt Hicks of the Palm Springs Builders' Supply was to have been used in building up the steps of the former Torney General hospital ward building now being converted into a clubhouse for the boys.

ONE BRIGHT SIDE of the struggle being waged by Frank Partridge preparing the building without sufficient money in the treasury, was the report by Johnnie Ramatko, that a Village plumber had proffered his services.

Ramatko, American World War II committeeman, charged with

assisting Partridge in any way possible, announced that Jimmie Tola, plumbing contractor and a crew of his employees will finish the plumbing work at the club house without one cent charge.

SAID FRANK PARTRIDGE: The Palm Springs Boy's Club is deeply grateful for the effort shown by Ramatko and the work that will be accomplished by Tola and his employees.

He added that other artisans, such as carpenters, electricians and painters would be more than welcome to assist in completing the structure.

This Side Of The Sun

By Phat

Nail down the house and shed some tears. For three months they're your little dears.

Today is the last day of school... Until September 15, the little darlings are your own responsibility... The teachers wash their hands of them... This is their vacation... So until September 13 be prepared for "Mom, kin I have an ice cream cone?" "Mom, I wanna go swimmin'" "Pop, do you think I ought to have two-bits?" Well, always remember they're a joy and a delight and never as sweet as now... Oh, Yeah? (P.S.—I had two in school once.)

A FEW GRIPES picked up in the mail and by ear during the week... Murray Barrick doesn't like the wording of the signs people put in their windows as they close up for the hot months... "They say 'Closed for the Season,'" he commented... "They're not closed for the season," a woman writes: "Now that you won't have to mention benches how about starting a drive for drinking fountains along the curbs?"... Maybe one or two at strategic places... And then don't let the kids play around them... At one of the few drinking fountains downtown the other day there were a bunch of urchins squirting water at each other, putting their fingers over the faucets... I went all the See THIS SIDE OF SUN, Page 10

The PUBLISHER'S Corner  
by OLIVER B. JAYNES

SOMEONE TOLD US the other day that they thought The Desert Sun was hurting Palm Springs by airing local problems before this newspaper's large list of readers throughout the country. That prompts us to explain for the benefit of all the policy of this newspaper as long as it is owned and published by the writer.

Community problems and issues, like the ones we have presented in news stories and discussed in this column, are not common to Palm Springs. All towns and cities have them. It is this writer's observation that most communities have been allowed to become divided into almost water-tight compartments, economically as well as politically.

To counter-balance this situation, it is the policy of The Desert Sun to seek a common acquaintanceship and respect through its columns. Our aim is the bringing about of a mutual, harmonious understanding and living together in this community within and without the office of the newspaper. We want this newspaper to be the rallying ground where leaders of thought from all walks of life can come together in the modern version of the old New England town meeting.

To this end, The Desert Sun will give a simple background on stories and interpretive news in terms of just what they mean to everyone in the community. We will continue to give a broader coverage of all things of interest to women. Lastly, we shall refrain from playing to cliques or minority pressure groups. We hope this sort of policy will please most of our readers—those who are vitally interested in community progress and unity.

TO OUR READERS in Los Angeles, Portland, Chicago and Pumpkin Center we want to reassure you that Palm Springs is doing all right. The future looks as bright as ever... Postwar readjustments have been made... We have a good city council—and the Chamber of Commerce is enjoying renewed interest and support... Real estate is more active now than it was in January and February... School affairs seem improved with the consolidation of district boards and good leadership... You still can't get a ride up the mountain on the San Jacinto Tramway—or spend a night at the El Mirador—but they're "in the mill" and will be coming out some of these days.

The stores are even getting more courteous. We saw a sign in the El Paseo Drug's lunch room last night which read: "No dogs, PLEASE!"

# Social ACTIVITIES

By NANCY DALE JAYNES

## Merry Time Is Scheduled At 29 Palms

Spring Fiesta Under Way  
With Many Events  
Listed for Week-End

Today through Monday will find festive activities galore taking place in the neighboring town of 29 Palms during its Spring Fiesta. A hayride from the Flying W ranch to the El Adobe hotel, old prospectors day, a street dance, a women's political rally, and a fashion show are among the many events being planned.

Taking charge of the Fiesta is Sylvia Weaver, fashion editor of the Los Angeles Times for nine years, and now manager of the El Adobe hotel. Miss Weaver has arranged the appearance of many movie notables such as Esther Williams, the honorary mayor of 29 Palms, at the various events. All Villagers are cordially invited to all of the festivities. Today the old prospectors are displaying in booths along the streets the gold nuggets they have taken from nearby mines, and the same streets will be the scene of western dancing in the evening. Sunday's highlight will be the fashion show presented by Miss Weaver and Louise Nichols at 2 o'clock around the pool of the 29 Palms airport.

## Says Village Best Place for Home

Ann Parron Andrews arrived in the Village in January for a short vacation to recuperate from an attack of Virus X, but discovered, as have so many others, that Palm Springs is just too nice a place to leave.

Not only did Miss Andrews stay on in the Village until this month as the hostess at the Desert Inn Coffee Shop, but at the request of Mrs. Pearl Lavik, manager of the coffee shop, she will return for the entire next season.

## Streamliners

Sunset Limited Will Be  
All Diesel-Powered

Plans for purchase of five new Diesel-powered streamlined "Sunset Limited" trains, for use in daily service between Los Angeles and New Orleans through Palm Springs over the famous Sunset route, were announced today by A. T. Mercier, president of the Southern Pacific company.

Arrangements have already been made for construction of the powerful Diesel-electric locomotives by the American Locomotive company, Mr. Mercier said, and bids are now being sought for the building of the cars. It is expected that the total outlay on the new trains will be about \$15,000,000, and that delivery will be late in 1949.

Every scientific advance in locomotive and passenger car design and construction will be employed in the new "Sunset Limiteds," it was stated. A total of 78 cars will be required for the five sets of equipment. Nine locomotives have been ordered.

Jet propulsion was known at least as long ago as the roaring '20s when the go-getter went through town so fast we didn't know whether we'd bought any or not.

## JAYNO TELLS ALL

Villagers are ALWAYS turning up with unique ideas for wonderful parties and this week's proof was the Rembert Trezevants' dinner party Tuesday evening for the members of the Lions Club and additional friends.

We're sure that you'll agree with us that it is unusual to step up to a buffet table and find a fabulous array of venison, elk, and wild duck (which were taken by the Trezevants themselves on a recent hunting trip in Montana) in addition to numerous varieties of delectable salads. The hosts greeted their eighty-some guests in the patio of the Ramon Trailer Villa where they are now living. Among the many present were the Charlie Mathews, the Joe Hendersons, the Ernest Oertels, Mrs. Melba Bennett, the Hutch Moselys, the Jud Osburnes, the Ted Martells, the Ben Benedicts (who won the waltz contest during the hours of dancing that followed supper), the Frank Purcells, Elise MacNeil and Rolfe Vaile, the Leonard Roths, the George Bells, the Charlie LaRues, Elly Windhurst, Elmo Purcells, the Earl Houghs, the Tom Kieleys, the Phil Delanos, and needless to say many, many others.

Miss Ruth King of Los Angeles is taking a two week vacation at the Town and Desert and has been enjoying riding, swimming, and leading an active social life with her Village friends.

The Jack Trots are leaving today for their hometown, Wheeling, W. Va. for a month's visit with their families and friends.

The H. M. F. Behnemanns have returned from San Francisco and have taken the Don Manchester's home for the summer.

Virginia and Bob Renker hosted a weenie bake party Monday evening on the Tennis Club.

Popular rendez-vous spot for Palm Springers this summer will be Laguna Beach with it attracting the Edgar McCoubreys, the William Talbots, the P. A. Stables, the William Maloufs, the Doug Kenastons, the Bob Renkers, and the Wesley Peppers. Mrs. Stewart Williams and her two children will spend only three weeks there (much to Mrs. W.'s disappointment for she loves the beach) and will then move to Idyllwild for the remaining summer months.

## Past Commanders Of Village Legion Honored at Dinner

The dinner-dance honoring the past commanders of the Owen Coffman Post of the American Legion held in the Wars Memorial building Wednesday night, saw 110 Legionnaires, their wives and friends present.

Commander John Connell opened the ceremonies and then turned the entire program over to Legionnaire Gordon Feelings who acted as master of ceremonies.

The entire chicken dinner was prepared by Legion Auxiliary member, Lena Basilone.

## Village Couple Exchange Vows In Early Rites

Marie Perkins became the bride of Gregory W. Fulginiti on Tuesday at 7:30 a.m. in a ceremony performed at Our Lady of Solitude Catholic church by Rev. Michael O'Conner. The wedding music was rendered by Peggy Rashall and Joe Woods.

Following the ceremony a wedding breakfast was given for the newlyweds at the home of Esther Gilbert. The guests were John Chetefelli, Peter and Marjory Perkins, Kurt Mohlenhauer, Edna Johnson, Ida Keeney, Ed Barielson and Mickey Wainess.

The bride and groom, both residents of Palm Springs, will honeymoon at La Siesta for a few days as the guests of Esther Gilbert before leaving to spend the summer at Avalon.

## From Page One—MORE ABOUT Planners...

I do not know," declared Switzer. "Work on highways in this district and others throughout the state is done on a priority basis."

SUPERVISOR EASLEY in answer to questions dealing with the new county zoning ordinance said it would depend on what property owners in a given area wished to accomplish.

He explained that the new ordinance was passed to enable the new proposed university at Riverside to control development bordering its campus.

Easley then went on to say that provisions of the basic zoning ordinance could be invoked by residents in other areas of the county in the same manner.

AFTER THE MEETING, Easley said that Palm Springs, for example, could petition the supervisors for special zoning of lands situated at the approaches to the Village.

"I'm going to become a resident of Palm Springs," declared Easley. "Anything I can do to help that community and others in my district, believe me, I'll do my best."

The meeting was presided over by Chairman Don Mitchell. City Manager William E. Alworth invited the committee to meet in Palm Springs June 24. His invitation was unanimously accepted. The meeting here will be in the El Paseo auditorium.

## SALMON ANGLERS HAVE LUCK

Anglers have taken considerable numbers of sizable salmon lately from the Feather River in the Butte County area, according to National Automobile Club.

Something strange about the many work stoppages—which poses a question: Are these genuine strikes, or organized spring fever?

## RED ROCK CANYON

Red Rock Canyon, Kern county, is reported by National Automobile Club to afford tourists a magnificent spectacle of highly colored cliffs and an excellent specimen of erosion. Here pillared temples and fantastic formations abound.

## NOISE IN UNIVERSALS

"Noise under the floor when the car is coasting with the clutch disengaged may be a clue to wear in the universal joints," states L. G. Evans, General Service Manager for National Automobile Club.

## GAS GOES A LONG WAY TO SERVE YOU

...but costs you even less than in 1939!

Most of the gas you use in your home comes from California, but some of it now comes all the way from Texas.

Why go that far for gas, you may wonder?

The answer is: to assure your household a plentiful, low-cost supply at all times!

The demand for gas here is so great today that even the vast California supplies available to us cannot always fully meet all needs. Our systems have been adding over 6,500 new customers every month. We now serve nearly 60% more customers than we did 10 years ago.

The added revenue from this increased sale of gas has been a big help in holding down the cost of gas to you. Although our operating costs have risen tremendously, gas actually costs you less today than in 1939!

It has taken a great deal of work and know-how to keep gas one of your rock-bottom living costs. For our materials and labor are at an all time high. Our taxes, pay-rolls and even the cost of gas at the field have climbed steadily. Extensions to serve customers in new areas cost us 2½ to 3 times as much as before the war. On top of this, the 1204-mile Texas-California pipeline required \$70,000,000 to build.

So whether you judge gas by its economy...or by its speed, flexibility or dependability...this modern fuel goes a long way to serve you. And it's no wonder that all Southern California uses gas so widely for every household purpose—cooking, water heating, house heating, refrigeration!

## NOW MORE THAN EVER YOUR HOUSEHOLD BARGAIN IS GAS

SOUTHERN CALIFORNIA GAS COMPANY

## Must Report Serious Accidents

### Possession of Liability Insurance Does Not Exempt Drivers from Provisions of New Law

Possession of standard automobile liability insurance does not excuse a driver or operator of a motor vehicle from certain responsibilities under the new California Financial Responsibility Law which becomes operative July 1, A. H. Henderson, director of motor vehicles, warned today at Sacramento.

A standard automobile liability policy calls for minimum \$1000 property damage coverage, \$5000 for injury or death of one person and \$10,000 for injury or death of two persons in any one accident.

"AUTOMOBILE liability insurance in the required minimum amounts meets security provisions of the act but does not exempt a driver from the necessity of reporting his serious accidents," Henderson said. "If he is involved in a mishap entailing injury, death, or property damage in excess of \$100 to any one automobile, including his own, he must report that fact within 10 days to the Department of Motor Vehicles in Sacramento, marked to the attention of Financial Responsibility."

"The law calls for suspension of the driver's license if he fails to do so."

HENDERSON'S department will administer the law. He said the law has been mistakenly termed a "compulsory insurance law." No compulsion is involved, however. Insurance provides a means of meeting security re-

## From Page One—MORE ABOUT War Hero...

ber of Company I, Third Battalion, U. S. Marines. He was killed while leading his platoon in storming the city of Garapan on the island of Saipan.

He was posthumously awarded the Presidential citation and had previously been awarded the Purple Heart for wounds received in action in a previous campaign. He took part in the battle for the Gilbert Islands, Tarawa, and Guadalcanal as a member of the First Marines.

HIS FATHER, Ryland S. Pinkard, who died a little more than a month ago and who knew that the body of his son would be returned to Palm Springs, had often expressed the wish to his wife that Earle be given a military funeral and be buried in Palm Springs.

Awarded the contract for the construction of the Wars Memorial building, the elder Pinkard considered the erection of the building not only as a memorial to all the Village servicemen who made the supreme sacrifice during World War II, but particularly for his son whose body he knew would be returned here for burial.

SGT. PINKARD was born in Long Beach, March 1, 1919. He attended grammar and high schools in Palm Springs. Prior to his enlistment with the Marines in 1940, he served for a time in the maritime services.

Members of the various veteran organizations will be present at the funeral services in the auditorium of the Wars Memorial building. Colors of the American Legion, American Veterans of World War II, Disabled American Veterans and the Veterans of Foreign Wars will be presented.

## From Page One—MORE ABOUT C. of C. Board...

ley Rosin and Colborn and the following other directors: Earl Strebe, Earl Coffman, Francis Crocker, Ruth Hardy, Harold Hicks, and Florian Boyd.

THE BY-LAWS committee, consisting of Newcomer, McCabe and Jack Ballard, was instructed to review the instrument and its numerous amendments and report back on any changes that seemed advisable.

No decision was reached concerning the chamber's present offices on which the lease expires soon. The problem was left to the housing committee to work out and the executive committee was empowered to act on their recommendation. The possibility of a new building to house the organization's offices was discussed briefly.

A MOTION was adopted directing that a letter be sent to Supervisor Easley urging his support of a \$10,000 contribution by Riverside county to the All Year Club of Southern California.

The meeting was presided over by Charles Mathews, recently appointed president to fill the vacancy left by the resignation of Florian Boyd. Hold-over officers are Dick Joy, vice-president and Stanley Rosin, secretary. New officers will not be elected next month because the annual meeting has been changed to the first Monday in December.

## County Hospital Building Termed Firetrap by Jury

Branding the administration building at the county hospital as a firetrap presenting danger of a holocaust, the 1948 Riverside County Grand Jury, in a progress report to the board of supervisors last week, recommended that a bond issue be offered, proceeds of which, with available State and Federal funds, would be used for a new building. Funds from these sources also should be used to provide hospital facilities at Blythe, Indio, Palm Springs, Banning and elsewhere in the county as needs may indicate, the report declared, and to provide permanent quarters for the county welfare department.

THE GRAND JURY, though commending operation of the county jail and conditions there, blasted the situations at branch jails in Indio and Banning. They should be replaced or their use discontinued, it was stated.

Employment of a competent engineer or firm of engineers to conduct a long-range study and survey of the county's need for more housing for its departments

was recommended by the Grand Jury, which deplored present crowded conditions in courthouse offices, especially in the basement quarters occupied by the sheriff and his staff.

THE INVESTIGATING group suggested that "a new building be placed where the present jail is," which would offer increased space for such departmental offices as those handling juvenile and mental cases. In referring to the sheriff's department the Grand Jury remarked that in Riverside county

Friday, May 28, 1948  
PALM SPRINGS, CALIF.

"gambling seems to be at a standstill."

Employment of an official county jail physician was strongly recommended in the report submitted to the county governing board at today's meeting.

## PROPER ARM SIGNALS

When turning or stopping, always give proper arm signals, advise safety officials of National Automobile Club.

## MOTOR VEHICLE PRODUCTION

Motor vehicle production of United States factories hit a post-war high during March of this year when a total of 492,013 units were turned out, reports National Automobile Club. This figure represents a 22,056 increase over that for the best previous month, December 1947.

## Busy Program for Judge Therieau in Palm Springs Court

Criminal docket in Judge Eugene E. Therieau's court this morning was scheduled as "fairly heavy" with cases to be heard ranging from simple drunk to burglary and grand larceny.

Gilbert Olvera and Richard Quiroz, who failed to show up for trial Wednesday morning and were later arrested on bench warrants, were scheduled to be tried on charges of disturbing the peace.

Austin Harris, Negro, was due to face the judge on a simple charge of drunkenness. Another charge arising from the same arrest accuses Harris of violently resisting arrest. This case will be tried in a Justice court in Riverside.

Thoms J. Hackenberg, who was returned from Fort Collins, Colorado, on a grand theft warrant accusing him of absconding with more than two hundred dollars from a local hotel, was due to have his preliminary hearing. He has been in Riverside county jail in lieu of \$2,500 bail awaiting trial.

Asserted to have burglarized a downtown hotel and escaping with a case of beer, William Turner was to face Judge Therieau on that charge this morning. Jack Lemon, who is said to have pawned a \$1500 ring for \$300 which he found last October was scheduled for arraignment.

Charles Nichols arrested on a drunk driving charge will also face the judge.

In addition to this calendar Judge Therieau will have several small claims actions to dispose of.

## Open All Summer

Southern Pacific Looks  
For Steady Business

The Southern Pacific downtown ticket office will be open all summer, Charles McGann, passenger agent, said yesterday. During the busy winter season McGann was assisted by William Cooper, city ticket agent, who will be transferred to Los Angeles for the summer.

McGann will be in charge of the office for the next few months and he said they have the indication of being busy ones.

An electric eye which can see nearly four times as far as present equipment and which is not adversely affected by outside light, snow or rain, has been released.

## Girl Scouts

### SWIMMING CERTIFICATES.

There were forty-nine Red Cross swimming certificates granted to the Girl Scouts and Brownies as a result of the instruction given at the Desert Inn pool last week under the direction of Ben Carpenter of the Riverside Red Cross headquarters. Those connected with the Girl Scout organization feel that all girls attending, approximately one hundred ten on each of the three days, were greatly benefited by the program and are now planning a similar program for the next year.

Mr. Carpenter has stated that any group in the Village may arrange a similar program through the Red Cross headquarters.

**SUMMER PROGRAM.** This week concludes all regular Girl Scout and Brownie Troop activities and many of the girls are looking forward to summer camp as well as the weekly program at the Girl Scout House on Bellardo road.

Under the direction of Mrs. Grace Morrison and Mrs. Kitty French there will be handcraft classes every Wednesday, commencing June 2nd, from 10:00 a. m. to 12:00 noon. Those who desire may bring their lunch and stay right on through the day. These classes are available to Girl Scouts only, including those girls who just became Scouts at the last Court of Awards. There will be no charge for these classes and no dues and the girls will be required to pay only the cost of the materials they use.

Mrs. Lois Lux, well known throughout the Village for her musical work, is also going to assist with the summer program. She will carry out any musical program desired by the girls attending and also help with the handcraft work.

This great nation has never wanted anything but peace in the world.—President Harry S. Truman.

The coral snake does not strike. If stepped on or touched, it will turn, deliberately bite, and retain its hold.

## Five Local Spots To be Available for Thirsty This Year

Quenching one's thirst with a long tall glass won't be as much of a problem for Villagers to solve this summer.

Last summer only The Dunes, Hitching Post and the Chi Chi remained open throughout the months of June, July and August. Operators of these three establishments took turns in closing for short vacation periods.

This summer in addition to these three, the Palm House and The Bombay will be open in downtown Palm Springs.

Vic Sudaha and Gene Hughes, operators of the Palm House even plan to have entertainment through the summer months. Don Manchester announced that he will be serving food and cooling drinks no matter how hot it may get. The same is true of Danny Danzinger's Hitching Post and the Chi Chi. The Dunes expects to close in July for a renovation period.

These five establishments operate under a State Board of Equalization license which permits them to stay open the year around. All of the other on-sale liquor establishments in the Village operate under a per-quarter

## Call Us Cupid

British Flyers Want  
Postal Air Friends

And now they want The Desert Sun to be a cupid—yet.

From Jim Hyatt and Bill Sullivan, with the British Air Force of Occupation in Germany came a letter to Palm Springs, addressed to The Sun.

"We would be thankful if you would kindly contact two young girls who would like to write to two lonely airmen serving with the British Air Force of Occupation in Germany.

"We are both 19 years of age and would like a pen friend to be of the same age. A photograph would be very much appreciated by both of us."

The address was the Royal Air Force Police, Royal Air Force Station Fassberg, B.A.F.O., c/o B.A.O.R. 23."

### MYSTERY STONES

Piles of stones raised for unknown ceremonies by ancient Indians have been found in a rugged, waterless mesaland of northern Lower California.

license, closing from June 1 to September 1. The Colonial House which has a 12 month permit, is closed until October 1.

## "I Rise to Remark"

By Congressman John Phillips

### A Column of Quotes:

With election day only a few days away, when you read this in the home papers, the thoughts of the voters will be on government, or I rise to remark that they ought to be. So let's see what various well-known people, from time to time, have said on this, or related subjects:

"All kinds of governments are not suited to all climates," Pierre Corneille said it in 1639. It suggests now that the "climate" of America has been pretty good for the Republic, and that we should look with suspicion on suggestions that we "improve" it by adopting features from other parts of the world.

"When a people shall have become incapable of governing themselves, and fit for a master, it is of little consequence from what quarter he comes," George Washington wrote that, in a letter to Lafayette, in 1788.

"The deterioration of every government begins with the decay of the principles on which it was founded," From "The Spirit of the Laws," by De Montesquieu, about 1748.

"Those who can fairly carry an election can also suppress a rebellion." That is from Abraham Lincoln's message to

the Congress, 4 June 1861. Recent events in the United States may make it a timely quotation.

"If men be good, government cannot be bad," William Penn said that in 1693, and it is still good in 1948.

"From a spiritual and moral point of view, it is truly tragic to watch how good men are working themselves to death on 'organizational problems' where the only problem to tackle is the basic one of honesty in the nations' dealings with one another: It is almost Biblical irony to have an organization, which includes a Soviet veto, call itself 'United Nations.' Dr. C. S. Norberg, pastor of the Norwegian Memorial Church in Chicago, former intelligence officer of the OSS, and editor of the increasingly widely read fortnightly letter called 'American World Intelligence,' from which the above is quoted.

"It is not possible to cooperate with smallpox," Dr. Syngman Rhee, newly elected head of the Korean government, in reply to a State Department suggestion that Korea "cooperate" with Russian communism. This reminds me of the statement of a State Department official, ONE WEEK AFTER PEARL

HARBOR, that "nothing could be done about Korea because it might antagonize the Japanese."

"I do suggest that we are neither big enough nor rich enough to become permanent almoner to the whole earth. I add that we face no such obligation, moral or otherwise, despite a tendency in some places, both at home and abroad, to assign us automatically to this role, almost as though we owed reparations to our allies in return for having made colossal contributions to their victory," and again in the same speech, "There is a bottom to every barrel, even America's." Again, "A bankrupt American can be of no ultimate help to the world. The memory of our sweet generosity would be little consolation in the midst of our own insolvency." The above quotations are from the remarks of Senator Vandenberg, of Michigan, on April 9th, 1945, which appear in the Congressional Record of that date.

Be sure to vote. I'd like to say, as I've said before, that it makes less difference whom you vote for, than it does that you vote. I'll say that I think this election is a little more important than usual; it may well be the critical year in our history. Vote, and get your neighbors to vote on June 1st. It's the only way to preserve and protect representative government under the Republic; that's our form of government.

## Memorial Day To Be Topic Sunday at Community Church

Sunday school at the Community church will be held at 9:45 a.m. In spite of the alterations and additions that are being made on the church building, classes will be provided for different age groups after the worship period in the sanctuary.

At the eleven o'clock service the Rev. James H. Blackstone, Jr., pastor, will preach on the theme "Always Remembering."

"Memorial Day in the United States, with the accumulation of tender memories clustered about the increasing number of wars through which our nation has passed, continues to have great significance for the hearts and minds of our people," the minister said. "The sacrifices that have been made in order to maintain our freedom and hand on to us the privileges of a democratic government should be held ever dear to all true Americans. The church of Jesus Christ joins in paying this tribute of respect and admiration to those who gave their lives in this noble cause. We pray that war will not be necessary again, at least in the near future, and to that end proclaim the supreme sacrifice of the One who gave His life for the sin of the world and died that man might have peace with God."

A choir of women's voices will sing, "Let There Be Peace."

A nursery will be conducted

## Archeologist To Lecture June 6 At LSD Event

The Church of Jesus Christ of Latter Day Saints will present J. Behling of Los Angeles, at the evening Sacrament meeting on June 6 at 7 p.m.

His findings in Central, South America, and North America are most outstanding. His lecture will be illustrated by the use of colored slide pictures depicting the history of the American Indians and their origin from the Mormon viewpoint.

Two violin solos will be given by Mrs. Vivian Hays.

A cordial invitation is warmly extended to members of the church and to any friends interested.

during the morning worship service to care for little children.

At the evening service, following a period of worship in song and a brief Gospel message, a motion picture entitled "The Heart of India" will be shown. The film gives one an over-all picture of India's greatness and glamour but emphasizes the great problem of India centered in the 700,000 villages, including the great and tragic poverty, illiteracy, disease, disorganization and confusion of religion. Also, there is brought out the tremendous potentialities of India. This picture is well worth seeing and all are invited to come.

The world's largest rodent, the Capybara rat, often grows to a length of four feet and sometimes weighs as much as 70 pounds.

## Episcopal Church Sunday School to End Season Sunday

"Christ's National Judgment" will be the sermon subject of the Rev. Robert M. Hogarth in the Episcopal church on Sunday morning.

"Memorial Day, falling on Sunday, the Christian significance of the day comes to mind: not the death of our young men in battle, but their sacrificial giving of self for the sake of a high and noble cause. Such memories of qualities of life that never die and fill us with deep abiding satisfaction and pride are being commemorated on our Memorial Day," said the rector.

The Episcopal Sunday school held its last session of the present season Sunday, and will reopen on Sunday, September 19. The two morning services at 8 and 11 will be held as usual on June 6 and 13.

### TROUT ANGLING GOOD

Trout angling has been very good lately on Clover Creek in Plumas County, according to the National Automobile Club. Most anglers have caught fish and many have taken limits.

## Christian Science Text Denounces Hypnotism

The Golden Text of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, is from Revelation and reads, "He that overcometh shall inherit all things; and I will be his God, and he shall be my son." "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" is the subject.

A Scriptural selection from Matthew reports that there "was brought unto" Jesus "one possessed with a devil, blind, and dumb; and he healed him, inasmuch that the blind and dumb both spake and saw. . . . But when the Pharisees heard it, they said, 'This fellow doth not cast out devils, but by Beelzebub the prince of the devils. And Jesus knew their thoughts, and said unto them, 'Every kingdom divided against itself is brought to desolation; . . . And if Satan cast out Satan, he is divided against himself; how shall then his kingdom stand? . . . But if I cast out devils by the Spirit of God, then the kingdom of God is come unto you.'"

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes, "Jesus cast out evil and healed the sick, not only without drugs, but without hypnotism, which is the reverse of ethical and pathological Truth-power."

## Weber's GOOD IDEAS

### KITCHEN TRICK

COOK AN onion, a green pepper and a tomato together until soft. Force through a sieve, strain and chill. Blend thoroughly with a cup of mayonnaise for delicious Russian Dressing.

### HOUSEHOLD HINT

OUTING HELPS—save jars with tight fitting lids to hold tasty take-along food such as sliced tomatoes, fresh fruit, mixed salads. Canning jars are fine.

### RECIPE

#### PICNIC POTATO SALAD

3 lbs. potatoes	2 tsp. salt
Dressing:	1/2 tsp. black pepper
8 Tbsp. olive oil	1/2 tsp. red pepper
2 Tbsp. vinegar	1 tsp. prepared mustard
4 Tbsp. cooking sherry	2 Tbsp. chopped parsley
	2 Tbsp. chopped onion

Peel and dice potatoes. Cook in boiling salted water until tender. Drain potatoes and put them in a bowl. Mix all dressing ingredients thoroughly and pour over the hot potatoes. Salad may be served hot or cold.

### IT'S A PICNIC!

LISTEN to Foy Willing, the Riders of the Purple Sage and famous guest stars on Weber's All-Star Western Theater. Music, ballads and stories of the West as you like them. Every Saturday, 7:30 PM, over KHJ, Los Angeles, or your local Don Lee Mutual Station.

## County Employees Will Receive No Pay Increases

Other than the automatic step advances already provided in the county government ordinance, there will be no general increase in the salaries of county employees according to a statement made last week by the board of supervisors.

The board of directors and a special salary committee of the County Employees Association had recommended an increase of from five to seven percent in present salaries or a flat cost of living increase of \$15 per month per employee.

The statement issued by the County governing board and signed by W. V. Pittman, chairman, and Supervisors Arthur Weirick, Ed S. Hill, James I. Easley and Floyd E. Gilmore, follows:

After a careful survey of the salary schedule of the employees of the County of Riverside, the board of supervisors has come to the conclusion that the present rates of pay are pretty well in conformity with those paid by surrounding counties and by private industries.

The board does realize that there has been an increase in the cost of living during the past year, but feels that with some very minor changes in classifications and schedule rates, the au-

## Village Schools Close Doors for Summer Vacations

This is the day. Almost 2,000 school children and young men and women of the high school age bracket, are closing up their books today for a three-month rest period.

Schools close today and remain closed until Sept. 13 when the new term will start.

During the week exercises were held for sixth-graders in all elementary school buildings and 103 Junior high school students at Nellie N. Coffman school received last night.

Tonight 59 seniors will be honored at Palm Springs high school in open air exercises in the patio of the school.

Instructors on the local staffs were busy winding up their work and reports and plan to start their vacations as soon as their desks are cleared.

For the youngsters—the vacation is as of now.

Automatic step plan advance now in effect will absorb a major part of this higher living cost.

The board further feels that while it would very much like to grant a modest increase to all employees, such a move would substantially increase the tax rate, and that such an increase in the rate is not advisable at this time.

## Awards Presented Members of Safety Patrol by Police

Members of Frances Stevens Junior Safety Patrol, were awarded merit certificates of appreciation for the faithful manner in which they performed their duties, at ceremonies this week.

Chief of Police August Kettmann made the awards in the presence of Traffic Officer Howard Poe, in charge of the Safety Patrols throughout the city and George Bond, in charge of the School Transportation System and instructor of the Village Junior Patrols.

Students who received certificates were: Jerry Fleming, Jimmy Pye, captain, Kenneth Graves, Paul Matloff, captain; Ralph Estrada, Johnny Buntun, Johnny Moore, Kenneth Clinton, James Judd, Linda Tracy, Beverly Cline, Diane Weatherford, Sandra Brott, Betty Hall, Carole Stanford, Shirley Woodward, Joliva Field, Theresa Godinez, Nancy Garcia, Richard Stevens, Stephen Grant, David Cracker, David Martinez, Shirley Boyle, Carolyn Knupp, LaVerne Logan, Billie Joyce Bolton, Jim Reid, Kenneth Brott, Corrin Strebe, Judy Watlot, John Buntun and Richard Yale.

## Pays Penalty

Driver Must Pay \$100, Be Grounded 90 Days

John Lario, 25, was fined \$100 or 50 days in the county jail following his arrest on a charge of driving an automobile while drunk. Judge Eugene E. Theriault suspended the jail sentence provided Lario pay the fine over a stipulated period of time.

The defendant's license was taken from him for a period of 90 days.

## REMEMBER THE SHOCKS

Shock absorbers, even of the most advanced design, will generate considerable heat in operation, state officials of National Automobile Club's Service Department. The heat, in turn, will evaporate the fluid with which they are filled. It is one of those natural laws that science has not been able to overcome. The wise motorist will remember that and have the fluid level checked periodically, at least every 10,000 miles.

## SAFE PASSING

Never pass another vehicle when approaching the crest of a hill, advise officials of National Automobile Club's Public Safety Department.

I'm gonna have a fine time explainin' this! For once I get a good report card and a goat eats it out'a my hip pocket!

## Hints for the Home

Senator Byrd Asks U. S. Strengthen Economy To Be Able to Aid Europe

Most Americans are willing to help Europe, but also want financial stability at home, says Harry F. Byrd, Senior United States Senator from Virginia. Declaring we cannot be strong abroad if wasteful spending at home weakens us, he tells in Redbook Magazine for January how we can strengthen Europe and ourselves by economy.

"The Marshall Plan to aid Europe involves huge sums in the form of credit and outright gifts. If all or even part of this aid is granted, the financial stability of the United States will undergo further strenuous tests.

"The real strength of America is our financial solvency, our productive capacity under our free enterprise system, and our ability to finance our obligations without crushing taxation. We cannot be strong abroad (and that is the purpose of the Marshall Plan) if we are weak at home.

"One of the weaknesses of our government today is creeping bureaucracy. We cannot keep on spending at the rate of forty or even thirty billion dollars every year for the Federal Government without risking internal collapse.

"Today, whether you work on a farm, in a shop, an office or a store, in a production line or with a pick and shovel, about twenty-five to thirty cents of every dollar you earn goes directly or indirectly to support the Federal Government.

"The plain fact is that the willing to help the rest of the world, but they will not submit indefinitely to oppressive taxation to pay the cost of extravagant government. The program of aid to needy nations will be seriously jeopardized unless our government demonstrates that its expenditures at home and abroad are sound and reasonable.

"To what extent have we already aided Europe? During the period of two years after the end of hostilities our government had authorized postwar expenditures and commitments, largely to European nations, of goods, credits and money totaling more than fifteen billion dollars, for civilian use, as follows: direct assistance to civilians from military-civilian supplies, government relief in occupied areas, British loan, Export-Import Bank loans, surplus property transfers, Lend-Lease aid (postwar), maritime ship transfers, Philippine aid, post-UNRRA relief, Greek-Turkish aid (Civilian). \$250 million military assistance excluded, assistance through international organizations (U. S. share of UNRRA), International Bank (U. S. share), International Refugee Organizations, International Children's Emergency fund.

**We've Multiplied Our Market by 5**  
—with Stinson Planes

Frank Query, fence manufacturer, Los Angeles

"With this 4-place fly-anywhere plane, the jobs 500 miles away are more profitable than jobs 100 miles away used to be," says Frank Query, who learned to fly at 44. "Soon after buying our first Stinson, we decided we needed two of them!"

"Our Stinsons paid for themselves through savings in time, and savings in transportation costs. Now they pay us a steady profit. I can fly direct to any installation job, with a three-man crew and their tools."

Is this a profit-making idea for your own business? Let us check the facts with you.

See America's No. 1 Utility Plane!

New Stinson for '48 carries four people, and baggage, or pilot and 640 cargo-lbs. Spin resistant. Safe, easy to fly. Cruises at 130 m.p.h., at 5,000 ft., with range of 554 miles. Quick take-offs and slow landings, for short-field operations anywhere. See America's best-selling, 4-place plane. Let us give you a demonstration flight.

## FREE FLIGHT TRAINING

We offer free flight instruction—up to the point where you fly the airplane alone (solo flight)—to a limited number of qualified business and professional men. Government-approved instructors. No obligation. Inquire now!

## Surplus Land Act Still Undecided

Dispatch from Washington Proves Jolt to City Officials Interested in Torney

Amendment to the government's surplus disposal act, which would permit the sale of surplus lands to states or cities for parks and recreational purposes, believed by interested Villagers to have long passed both houses of congress and needed only the signature of the president to become a law, is still being tossed about between Senate and the House of Representatives.

This corrected information was gleaned in a press dispatch from Washington, D. C., which read that the House on Wednesday had passed and sent back to the Senate that day a compromise bill to let the government sell surplus land to states or cities for recreational uses.

**THIS AMENDMENT** believed long approved by Congress would provide a discount of 50 per cent on land sought by states and cities for parks and recreational purposes. Its application in Palm Springs would apply to the city's claim for portions of Torney General Hospital to be used for purposes provided in the amendment.

Almost three months ago, both city officials and officers of the Palm Springs Community Hospital wired Congressman John Phillips, Senators Sheridan Downey and William Knowland seeking the inclusion of a line in the then proposed amendment which would have allowed a 50 per cent discount on lands and buildings sought for city governmental purposes.

**THE REPLY** to this request at the time it was telegraphed to the nation's capital, was that it had been received too late.

The legal firm of Hight, Trippett and Syverson, who operate a local office in the Village under the management of Attorney Lyle Newcomer, were retained with their legal correspondents in Washington, D. C., to assist the city and the Palm Springs Community Hospital in its application for acquisition of a portion of Torney.

**REACHED** via long distance telephone in Los Angeles, Newcomer said that as of 8 a.m. Wednesday morning, he had received word from Washington, D. C., that a subcommittee of Senators were debating the provision which would permit the sale of lands and buildings to cities for governmental uses at a 50 per cent discount.

"I was told that this subcommittee did not look with favor on the inclusion of the additional amendment," declared Newcomer. "Frankly, the dispatch from Washington is quite confusing to me. I was under the impression that the House had passed the bill some 10 days ago. The dispatch says that it was only sent to Senate yesterday and then in a 'compromise agreement' between both houses."

## Memorial Day

Decoration of Graves Goes Back 2500 Years

Age-old custom gave Gen. John A. Logan sound historic precedent when, 80 years ago, he designated May 30 "for the purpose of strewing flowers" on the graves of fallen soldiers.

Throughout the centuries the living have kept the memory of the dead alive with flowers.

The historian Herodotus wrote that the Greeks in 500 B. C. tossed flowers on the tombs of their heroes, according to Fred C. King, president of the Southern California Floral association.

Actually, King said, it was the wife of the Grand Army of the Republic commander who inspired the Memorial Day we observe Sunday.

On a trip through Virginia in the spring of 1868 Mrs. Logan observed the ravages of the Civil War amid the profusion of May flowers. She noted that the graves of Confederate soldiers were bright with blossoms at Petersburg, and she told her husband what she had seen.

Gen. Logan saw a means of softening the differences of the living by honoring the dead and issued his General Order No. 11 for the decoration of all soldiers' graves—Confederate and Union.

May 30 first was known as Decoration Day, but in later years became Memorial Day. It has become the day for honoring all of the departed and only the loneliest grave goes without the bright tribute of flowers.

Fifty-three U. S. Navy bands are at present stationed on ships and at shore stations over the world.

## This Side of Sun . . .

way home before I had a cooling drink—and I was suffering, too."

**ANOTHER GRIPE** on a card which said that the city should provide a swimming pool for all ages . . . And have them adequately guarded . . . "Saw some kids in a dirty pool near the center of town the other day . . . No guard and not so clean . . . A supervised swimming pool would take care of this," the woman wrote . . . Conky Conkwright has a new program he plans to put on the air . . . "What's in a name?" he calls it . . . Picks out people whose names fit the business they're in . . . Reminds me that when I used to write a daily column and had to scrape around three times as much as now I had a department called: "Names for Trades" . . . We had a tailor in that town by the name of Draper, a realty man by the name of Landsell and an architectural firm by name of Reed and Wright . . . The latter designed most of the schools . . . But the name of the florist was Graves and the undertaker's name was Bright . . . Always wished he had a partner named Early . . . Conky's busy digging up appropriate names here.

**AS A PICKER** I'm not so good . . . My No. 6 horse in the sixth race on the sixth day at Hollywood didn't finish sixth . . . But as far as monetary gains are concerned, he was in stride . . . He finished tenth . . . There were ten horses in the race . . . Which furthers convinces me that there is no music like the smooth rhythm of Guy Lombardo . . . No. 6 horse was yelet "Flying Rhythm" . . . Mrs. G. who was more fortunate and a frequent visitor at the \$2 show pay-off window, said he ran like a dirge . . . But the two rabbit horses—Mrs. Rabbit and Rey el Conejo—were according to type . . . They multiplied at the cashier's windows.

**THIS WEEK-END** is going to be known as a "check-kiter's delight" . . . the banks close tomorrow noon and won't reopen until Wednesday morning . . . There's the usual Saturday half-holiday, Sunday, Memorial Day, a legal holiday, and Tuesday, election day, another legal holiday.

Those who work in banks will have a three and a half day holiday . . . The rest of you will have two and a half days . . . Newspapermen, like street car conductors and bus drivers, will work as usual . . . From Walt Woestman, who now reads his copy of The Sun at Altadena where he is summering, comes a card: "Memorial Day, Honor the Dead But Don't Join Them—Drive carefully."

**MARY MacCARTAN** of the Business Women's club who has been a staunch ally in the bench campaign—as have all of the other BWs—phoned in a happy suggestion this week . . . Mrs. Sonya Kellogg of New York, who has been visiting Mrs. Stella Mundheim here, came in to see her the other day . . . "I have been reading about the campaign to bring back benches here," she said . . . "I'd like to give this little check to help defray the cost of benches." . . . The happy suggestion part has to do with other people getting similar ideas . . . Mrs. Mundheim, kin of the Edgar J. Kaufmans, plans to build a home here this fall.

**WELL**, this should be about enough for today . . . And aren't you glad you stayed through May?

## "WOLF HOUSE"

Ruins of Jack London's "Wolf House" stand near Glenn Ellen in Sonoma County, reports National Automobile Club. Only the walls remain of this \$60,000 mansion of purple stone, which was destroyed by fire before London had moved in.

## Hints for the Home

Two Main Dishes for Dollar Still Possible Despite High Prices

Take the strain off your budget and plan a meal with a hearty main dish that will serve four for a dollar, advises Mildred Inwood. The dishes she suggests in McCall's for January were based on early November prices in New York, but they are probably still around a dollar in most places:

"Serve milk with these meals, for the amount of meat is small and the milk will add to the body-building proteins that you, as well as your youngsters, need every day. Add bread and fresh fruit or salad, and you'll have the kind of meals your family should have and will enjoy—at costs to help keep within your budget."

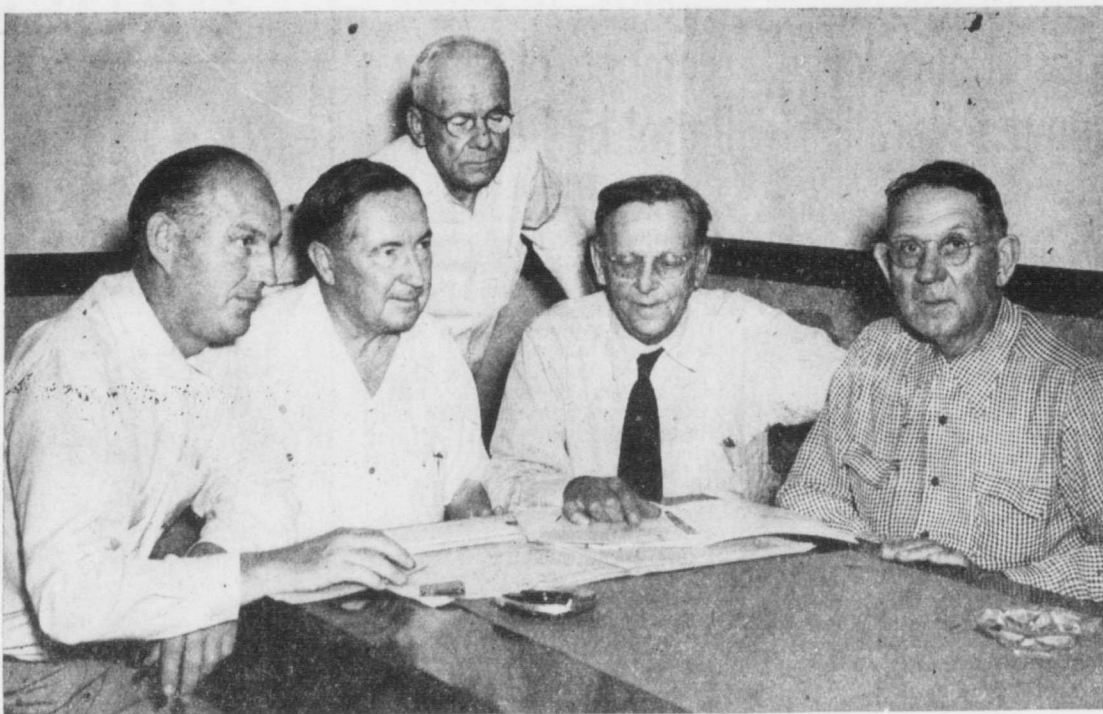

## VEAL PAPRIKA WITH NOODLES

1 lb. veal shank  
2 tablespoons flour  
4 tablespoons margarine  
2 tablespoons chopped parsley  
1 tablespoon dry mustard  
2 tablespoons paprika  
½ teaspoon salt  
¼ teaspoon garlic salt  
¼ teaspoon summer savory  
Few grains red pepper  
2 cups hot stock  
4 sliced carrots  
4 white onions  
1 pkg. wide noodles  
"Get your butcher to slice the veal shank in 4 thin slices and pound it very thin. The meat should then be cut in squares and dusted lightly with flour. Brown it in margarine over very low heat. When it's nice and brown, add everything except vegetables

and noodles. Cover and cook very slowly about 15 minutes. Then add the vegetables, cover again and cook slowly another 45 minutes. While this is going on, prepare noodles according to directions on the package. Serve the whole business on a large platter. This is enough for 4 people with good, winter appetites.

**BARBECUED BEANS**  
2 cups dried pink or red beans  
1 ½ cup salad oil  
2 or 3 minced cloves of garlic  
1 large onion, chopped  
1 6-oz. can tomato paste  
2 to 4 teaspoons chili powder  
1 tablespoon ketchup  
1 teaspoon salt  
Dash cayenne  
½ lb. of ground meat, pork and beef, mixed

"You start this the night before. Wash and pick over the beans and let them soak overnight in cold water. In the morning, drain and cover with fresh boiling water. Cover them and cook slowly an hour. In the meantime, heat the salad oil in a good-sized frying pan and brown garlic and onion in it. Now combine all your ingredients except meat and simmer another hour. The beans should be tender by this time. Eat a couple just to see. If, in the course of cooking, the beans appear a little dry, better add more boiling water. While beans are cooking, make small meat balls and brown them in hot fat. Add them to top of beans 15 minutes before you're ready to eat. Enough for 4 hearty eaters.

**GENERALS**—First Security Loan campaign to be launched in Palm Springs will be headed by three Villagers who were responsible for focusing the attention of the nation on this city with the repeated successes of the war-time bond selling campaigns. From left to right discussing strategy of the current drive are: Fred Ingram, manager of the Bank of America; Chairman Tom Holland, owner of the Palm Springs Department and Hardware Store; Postmaster R. M. (Pop) Gorham; former county chairman, J. Mack Johnson, and present county chairman, J. S. Bordwell. (Photo by Partridge.)

## Gala Party Marks Outdoor Gathering Of Church Choir

Members of Our Lady of Solitude Church choir, including members of their family and friends enjoyed a potluck dinner and weenie bake in the patio of the Colonial House Wednesday night.

Many of those attending brought delicious cakes and other foods, beyond the capacity of the 25 persons present to consume. The group were the guests of Mr. and Mrs. Wilbur P. Davis, owner-operators of the Colonial House, who are now vacationing at Laguna Beach.

Pfc. Caesar Nava Now On Marianas-Bonin Duty

Caesar P. Nava, son of Mr. and Mrs. Philip Nava of Palm Springs is presently serving in the Marianas-Bonin area, Pacific, according to a news release from the 46th Fighter Wing Headquarters at Guam.

Pfc. Nava entered the service

## Burglar Flees

Sick Woman Interrupts Prowler in Her Home

A burglar who had entered the home of Mrs. E. Hawks, 547 Calle DeMarcus, fled into the darkness at 1 a.m. yesterday when Mrs. Hawks arose from a sick bed to investigate a disturbance in the kitchen of her home.

According to police reports, the prowler had entered the Hawks' home through an open front door. Making his way into the kitchen of the house, police said that the burglar had pried a window open in order to make a fast exit in case he was discovered.

Mrs. Hawks, alone in the home and sick, arose to investigate the disturbance whereupon the burglar fled.

on Feb. 19, 1947, and received his basic training at San Antonio, Texas. He attended the clerk-typist school at Lowry Field, Denver, Colo., and was then sent to Langley Field, Va., where he worked in the air corps supply.

He arrived overseas on Feb. 9, 1948, and was assigned to the 46th Fighter Wing and placed on duty with the aircraft control and warning squadron.

The eruption of Mount Pelee, on Martinique, on May 8, 1902, killed 30,000 persons.

## County Nurse Going To U. S. Convention

A delegation of 93 registered nurses will represent the nursing profession of California at the biennial convention of the American Nurses' Association in Chicago, May 31-June 4. Mrs. Doris Ingersoll of Riverside, president of District No. 23, California State Nurses' Association, announced today.

Among the delegates, said Mrs. Ingersoll, will be Miss Mary Lewis, Riverside County Hospital, Riverside, representing this district.

With 10,000 professional nurses in attendance, representing all 48 states, Hawaii and Puerto Rico, the convention will concentrate on action to meet the critical nursing needs of America.

# Interest in Primary Election Light

## National and State Offices To Be Decided

No County Contests To Appear on Ballot In Palm Springs Area

More than 2900 Villagers are eligible to go to the polls next Tuesday in the combined direct primary and presidential primary elections at which time they will express a preference from presidential office down to county offices.

Ballots will go to all parties for presidential candidates in the presidential primary and for congress and state legislative offices in the direct primary. Because of the lack of local contests interest in the election in the Village was light.

**VOTERS REGISTERED** as "decline to state" will have little to do Tuesday. There are no non-partisan county offices at stake this year affecting the Palm Springs area except that of supervisor from the fourth district and one superior court office.

James I. Easley of Thermal, who was appointed to fill the unexpired term of Robert Dillon, resigned, is unopposed for reelection on the county ballot. Judge Oakley K. Morton, incumbent.

See PRIMARIES, Page 12

## Nine Polling Places Listed For Election

Hours for Presidential And Direct Primaries From 7 A. M. to 7 P. M.

Polling places for next Tuesday's presidential and direct primaries have been designated by County Clerk G. A. Pequegnat's office as follows:

Precinct 1—Paddock Pool Building, 693 Sunny Dunes road.

Precinct 2—Health Center, 299 East Amado road.

Precinct 3—Red Cross offices, Torney General Hospital.

Precinct 4—Kenny Paul's Service Station, 1708 North Palm Canyon drive.

Precinct 5—Frances S. Stevens school.

Precinct 6—Youth Center.

Precinct 7—Union Ice Company, 231 South Indian avenue.

Precinct 8—Littleton's automotive showrooms, 682 South Palm Canyon drive.

Precinct 9—Snow's Automotive agency, East Ramon road.

## Krikor Arakelian And Nurse Plight Troth in North

Newlyweds To Make Home Here for Ten Months Of Year, They Say

Village rumors that multi-millionaire Krikor Arakelian planned to elope with his nurse Mrs. Renee Lyons of Pasadena were confirmed Monday night when the couple appeared before a Justice of the Peace in San Francisco to exchange vows.

The millionaire Fresno vintner celebrated his 79th birthday last month in his palatial Palm Springs home. The former Mrs. Lyons, who called the Desert Sun via long distance telephone from Fresno, said that she was 42 years of age. The bridegroom is the father of nine children and several grandchildren.

**THE NEW** Mrs. Arakelian, in her conversation with a Desert Sun reporter, said that she and her husband had planned to elope for some time. She was employed as a nurse in the Arakelian household here last Thanksgiving and has been ministering to the needs of K. Arakelian since then. She said that she graduated from the American hospital in Constantinople, Turkey and on winning a scholarship at the Columbia University, New York City, she came to America. She earned a Bachelor of Science degree at that seat of learning in 1931 and returned again to win a bachelor of arts degree in 1936. She majored in public health.

**FOR SEVERAL YEARS** she was employed by both New York state and New York City as a public health official. In 1945 prior to her departure for California she was director of public health for the Washington Heights district of New York City.

Mrs. Arakelian said that she and her husband would reside during the summer months in San Francisco but would return to Palm Springs within the next eight days to close the estate here.

**SHE ADDED** that plans now call for their residence in the Village for 10 months of the year. The marriage of the elder Arakelian, although expected by the members of his family, caught most of the children by surprise.

Main street in Florence, Ida. (now a ghost town), was the first public road in the state.

## Commencement Exercises Tonight At High School

J. Whitcomb Brouger Speaker of Evening At Outdoor Program

By HELENE BROWNE  
Smoke Signals Staff Writer

Commencement services for the fifty-nine candidates of the Palm Springs High School graduating class will take place tonight in the high school quadrangle at 7:30 p. m.

Rev. J. Whitcomb Brouger, Jr., D. D., will give a speech entitled, "Always a Winner". Rev. Brouger spoke here three years ago and has been brought back by popular request. He is the pastor of the First Methodist church in Glendale.

The program is as follows: Advance of colors, American Legion; invocation; salutatory by Mort Gilbert; special music by the high school band under direction of Gustave Patzner; presentation of awards by American Legion, American Legion Auxiliary, and Lions Club; high school chorus under direction of Alexander Hammond; valedictory by Joyce Buck; speech by Rev. J. Whitcomb Brouger, Jr., D. D.; presentation of diplomas by Mr. Charles J. Burket, who has been president of the school board throughout the entire time the '48 class has been in high school. The candidates for graduation are as follows:

Aaron, Carlton; Aitken, Jackie; Aitken, Morrison; Arakelian, Joy; Armeson, Robert; Arns, Duane; Atkins, Jim;

Brush, Noel; Buck, Joyce; Carlin, Jim; Coons, Virginia; Crumps, Neal;

Doro, Dick; Flavin, Robert;

Ellsworth, Marilyn; Gates, Fred; Gilbert, Mort;

Grabber, Stuart; Henson, Richard; Higgins, Robert; Holquin, Antonia; Hoss, Charlene;

Jackson, Bill; Lake, Nona; Laurier, Charles; Lilley, Betty Ann; Lotz, Theodore;

Miller, Philip; Miller, Virginia; Moore, Gary;

Norris, Byron; Okerlund, Dawn;

Peire, Louis; Porter, Marjorie; Raphael, Tom; Raun, Dick;

Reed, Don; Renville, Shirley; Singelyn, Bob; Soto, Morris;

See COMMENCEMENT, Page 12

## Library Hours To Undergo Change June 1

Will Be Open 5 Days Weekly, Two Evenings, Is Librarian's Report

Welwood Murray library will start operating under a summer schedule of hours June 1.

On that day, until next fall, the Welwood Murray library will be open from 10 a. m. to 5 p. m., Monday through Friday. The library will only be open two nights a week, from 7 p. m. to 9 p. m., Mondays and Wednesdays. On May 31, Memorial Day, and June 1, election day, the library will be closed, according to Billie Sloan of the library staff.

## Joe Henderson Write-In Urged

Want Villager To Serve On G.O.P. Committee

Mrs. Melba Bennett, chairman of the Palm Springs republican committee today urged all registered republicans in the Village to write in the name of Joseph Henderson for the republican county central committee which will be named at next Tuesday's primary election.

Names of the candidates for the republican county central committee will appear on the republican ballots. No one has been nominated from the Palm Springs area and the local republican organization voted to back Henderson.

Henderson, known to almost all Villagers as "Joe", is manager at the Desert Inn garage. He is a graduate of the local schools, a war veteran, active in local civic affairs and president of the Young Republican club of Palm Springs.

He has been a resident of the Village since he was two years old, is married and has two youngsters. Mrs. Henderson, Moya, holds a responsible position on the high school faculty staff.

Mr. and Mrs. Lee Kalbach spent four days last week at the Hotel Del Coronado where they attended the state convention of the Society of American Accountants held at Coronado Island. Mr. Kalbach is the president of the San Bernardino Chapter and also a state director. The Society of American Accountants is affiliated with the National Society of Public Accountants.

## Employment Office Closed for Summer

Fowler Plans To Return To Village September 1

Offices of the Palm Springs Employer's Association were closed May 24 to re-open again September 1, according to an announcement by Freeman Fowler, manager.

Fowler said that he was taking a leave of absence without pay until the offices re-open in the fall.

CLASSIFIED ADS—PHONE 2249

## Summer Hours at P. O. Start June 1

One Carrier Delivery Per Day Scheduled

Mail delivery in the Village will go on summer schedule June 1, according to R. M. "Pop" Gorham, postmaster.

"Mail deliveries in residential districts will be once a day starting June 1," stated Gorham. He said that outgoing mail and pickups at mail boxes would not be affected by the change.

## Riverside County Lists 3982 Paid Security Pensions

Riverside county had 3982 persons receiving old age security payments during April, State Director of Social Welfare Charles M. Wollenberg announced yesterday, from Sacramento.

The average payment was \$57.66 making a total of \$229,590 paid out during the month.

The county's 120 needy blind received an average of \$72.46 each for a total of \$8695 during April.

**ANOTHER BREAKDOWN** showed the county to have 719 children on the needy rolls at a total cost of \$27,287.

Over the state as a whole, 185,161 persons received old age security payments, an increase of 1242 over the month before. Total amount paid was \$10,565,669 in average grants of \$57.06 per person.

The statewide totals of needy children receiving aid increased 1392 to 39,809 in April. They received a total of \$1,829,016.

Mr. and Mrs. Jacobson of Los Angeles were the weekend guests at the home of their daughter and son-in-law, Dr. and Mrs. Burton Adair, 3352 Calle San Raphael.

## Valentine in Town In Interests of Assembly Contest

The busiest many in town this week was youthful Larry Valentine, republican candidate for the State Assembly from this district. The tall, dark and wiry veteran of 30 months in the Coast Guard was putting on an energetic campaign for votes in the Village. He came armed with a letter from Ernest R. Geddis, Assemblyman from Pomona, saying Valentine's experience as an attache to the State Legislature during the past two years should "be of considerable value to you, if elected, as it will save you the long breaking-in period which so often makes a new member ineffective his first term."

The Riverside youth was also pointing out that one of his opponents, John B. Babbage, first registered in Riverside county last Nov. 6, declining at that time to state his party affiliation. He re-registered in February of this year as a republican, Valentine claims.

Valentine groups are said to favor Valentine but old-timers in the district seem to believe that Babbage has the inside track. The ex-GI said that he was particularly interested in agricultural problems, and that he believed his knowledge of Legislative routine was greatly in his favor.

Anyway, he's a good campaigner.

# Politics Today

By ETHEL WHITEHORN  
TUESDAY'S THE DAY

Every voter, who believes in the American form of government, shouldn't fail to cast his ballot next Tuesday. As a rule, primary elections bring out a light vote, the batting average seldom rising above 50 percent. This year, should California follow the trends already recorded in other states, the average could drop to 30 percent.

Such a situation might imperil our American form of government because, for the first time, in this nation's history, the printed ballots carry the names of Congressional candidates who are attached to the new party recently established by Henry Wallace and his cohorts.

For months, Mr. Wallace has been barnstorming from the Atlantic to the Pacific. In the first two months of this year, he received more contributions to his Independent Progressive Party than were received by the Republicans and Democrats combined. The Congressional Record of May 5th reveals the source of Mr. Wallace's campaign fund, and the records of numerous individuals who have contributed from

one to five thousand dollars. Those records, on file with the Department of Justice and the Un-American Activities Committee, prove beyond the question of doubt, the status of those who are determined to change our form of government.

The only way open to loyal American citizens to defeat the enemies within, is to protect our free election system not only next Tuesday but for all time. A light vote would encourage the Wallace forces. It could easily nominate some of their candidates, for example Ellis Patterson in the 16th Congressional district, and Ted Healy in the 13th.

Don't let them pass!  
Protect America next Tuesday!

## What Goes on in Palm Valley

By DON CAMERON

Palm Village Inn seems to have as many Palm Springs customers as any of the downtown places under Elmer Peacock's management and with George Lafayette on days and Dewey Hillgren nights, it is quite the popular spot. Saw August Nardoni and Harold Blatner there this week, Mary McKeighan with a party, Don Artz of Pago Pago now back in the accounting business—at present he is setting up a new accounting system for the Palm Village Land Co., Fred and Harriet Strombon. Harriet is enjoying her summer vacation from Sale's Market and since Fred has his vacation, they are off to San Francisco.

At Elly's cafe in Rancho Mirage, talked to the Clyde Burglands while they were sampling her chili. Clyde used to be with the Palm Dell tract when Culver Nichols had it last year. Also at Elly's—George Boldin now of Banning. George is well known for his outstanding work with the American Legion. He was last year's commander of the 21st district. A pair of newlyweds were there too, Walter S. Warthen

III, better known to all of us as "Lucky" and his bride, the former Selma Flege stopped in on their way back from Yuma where they were married on Lucky's birthday, May 21st.

Spending a week at the Hedy Lamarr house, Marvin Neal. Down from San Francisco to enjoy a week in his desert home is well known patent attorney, Bill Boyken and with him, Ray W. Townsend of Los Angeles. This pair went to high school together in San Francisco and have been spending vacations together ever since. Enjoying the Rancho Mirage pool and getting a good tan, B. B. Odell, vice-president California Bank.

A couple of the local real estate gals did some business this week. Estelle Ewart sold the David Culver house on Indian Trail road to Mrs. Frances Knox. She is a retired court reporter, having spent twenty years with the Hall of Justice, Los Angeles. Cynthia Snowden sold the Burnham ranch adjoining Doc Gurley's to Mr. and Mrs. Martin Chiapetta. Martin, well known maitre 'd of the Tennis Club, has great plans for developing the property which already has a very attractive house and swimming pool.

The Bob Zimmers sold their home adjoining Frank Morgan to Mrs. Karena Shields.

### From Page 11—MORE ABOUT Primaries . . .

bent, is unopposed for superior court judge.

**ALL PARTIES** will be able to vote at the presidential primary and on party nominees for congressional and state offices.

Both republican and democratic party voters will have the same names on the ballot in the 22nd congressional district contest. John Phillips, incumbent, and Donald T. Sawyer, filed on both tickets.

There is no U. S. Senatorial campaign this year in California.

**IN THE STATE** legislative race, the name of Nelson S. Dilworth, incumbent, appears on both republican and democratic ballots unopposed.

In the assembly contest republicans of the 76th district, which includes Palm Springs, will find the names of John D. Babbage, Dorothy H. Hall, Larry C. Valentine and David C. Williams, on the ballot. Democrats will find the names of Babbage, Mrs. Hall, Valentine and Josiah Copley on their ballot.

Philip L. Boyd, incumbent, declined to make the race for reelection.

**SAMPLE BALLOTS**, under the state law, are required to be mailed by May 27 and will probably be in the hands of local voters this week-end.

Besides the names of the candidates for state and national offices, party ballots will also contain the names of central committee candidates.

Party ballots will go to registered republicans, democrats, independent progressives and prohibitionists.

Polls at Tuesday's primaries will be open from 7 a.m. to 7 p.m.

### HISTORY OF HEADLIGHT

In the early days of railroading, trains ran only in daylight hours, and headlights were unknown. As railroads developed, however, night operations became increasingly necessary, and inventive minds went to work to devise ways of illuminating the track ahead. The first crude step was taken under direction of Horatio Allen of the South Carolina railroad. He attached a small flat car to the front of the locomotive, covered the car with a heavy layer of sand on which he kept a bonfire of pine knots. This was in the early 1830s.

### 'PANTRY POLL'

Housewives' cupboard inventories of groceries aren't nearly as large as they were a year ago, a "pantry poll" conducted by Northwestern university indicates. Shoppers, eyeing shelves of canned goods and other groceries, are showing a market tendency to take home fewer purchases.

# Board of Sanitation District Organizes At First Meeting

L. C. Lewis Elected  
President, W. S. Moon  
Secretary, of Group

Monday evening in the Town Hall at Cathedral City, Attorney Woolpert of Indio, conducted the legal formalities incident to the organization of the Cathedral City Sanitary District.

Woolpert was retained by the board because of his experience in organizing the Indio Sanitary District. The Sanitary District Commissioners were elected in Cathedral City's first local election on March 16. They are Paul Clark, Claude S. Cobb, Howard E. Headley, L. C. Lewis, Warner S. Moon with W. R. Hillery as District Assessor.

The board appointed Hillery as temporary chairman and proceeded to the election of officers. They chose L. C. Lewis as president and Warner S. Moon as secretary. They then drew lots for tenure of office, Lewis and Clark drawing the four year terms, the term of the other three will expire in 1950. Each officer and member of the board waived payment for their services to the District. The first official act of the new board described as Ordinance No. 1, establishes a time and place of meeting and prescribes rules of procedure.

The legal formalities over, Attorney Woolpert left the meeting and the board discussed the sanitary situation in general without further official action except to designate the time of the next meeting.

## Cathedral City News Roundup

Mrs. Dudley B. Clark, president of the Auxiliary of the V.F.W., Mrs. Mable Bryant and Mrs. Muri Nordstrom wish to thank the merchants, residents and guests of Cathedral City for their splendid cooperation in making the Buddy Poppy day a success.

Sunday the 23rd Reverend Arthur Jack Wartes preached his farewell sermon to his congregation of the Cathedral Community church; the texts were very appropriate.

After the sermon Mrs. O. D. Wenger said good-bye and gave thanks for the congregation, for this consecrated and splendid young couple.

Rev. Wartes and wife with son Paul left for Seattle, Wash., immediately after the service, where he will attend General Assembly. In September he will take up his studies at Princeton University.

Margaret Davidson left Thursday for Taos, New Mexico, to continue her art studies with the University of New Mexico and at the Biotram school of design. Miss Davidson plans on a three months studying period.

Harry and Leslie Keeley, residents of Bellflower, are building a beautiful home in La Quinta. They expect to spend six months in the desert and the other six months on the coast. Mr. Keeley

is in the oil well finance and real estate business. Both Mr. and Mrs. Keeley are lovers of the desert and have lived at Vista del Valle Motel the last two spring seasons.

Mary and Jim Wolseth continue to have a very interesting journey home to Woodstock, New York. The last word from them they were visiting famous spots moth Caves, mountain district in Kentucky, such as the Mammoth and were spending a few days at Talbot's Inn, Bardstown, where Stephen Foster wrote "My Old Kentucky Home". The inn has been in operation since 1776 and has the same furniture. Louis Philippe from France once stayed there.

Sam Arner of the Desert Realty Company handled the sale this last week of the Carl Rose apartments to Mr. R. Petty from Mountain View, California.

Mr. and Mrs. "Dock" Chamberlain, who have spent the past two years at the De Luxe Trailer Court, will combine business with pleasure this summer, operating the excursion boat on the lake at Bass Lake, California.

A number of friends surprised Harold Crawford and Margaret Potter on their birthday, Saturday night.

Charles Dorley, owner of the Tampico, was married in Yuma last week. Congratulations, Charlie and Shirley.

The latest improvement on Broadway is the very good-looking Richfield Service station managed by James Henderson. Mr. Henderson opened and operated the first Richfield station in Palm Springs from 1936 to 1942. Mr. and Mrs. Henderson now reside in Cathedral City. We welcome have sold their meat market you to our community.

Mr. and Mrs. Russell Smedley which they have operated in the Cathedral Grocery building for the past two and a half years and have purchased the Fountain business formerly operated by Mr. and Mrs. Jonnie Palmer. Jonnie is now auditor for the

## Library to Stay Open in June This Year Is Report

Two Thousand Volumes  
Available at Present  
Says Mrs. Marie Ide

The Cathedral City Library which has more than 2000 volumes on its shelves is operated entirely by volunteer workers. It has generally been closed during the summer but Marie Ide who acts as manager and part-time Librarian announces that it will be open on Wednesday evenings during the month of June from 7:00 to 8:30. Demand for Library service can be measured in this way and if sufficient, arrangements will be made for the Library to be open at some time during the week throughout the summer.

"If you have current books that you do not care to take with you on your summer's journey, they will be gratefully received by Marie Ide at the Post Office," it was announced.

Bullock firm in Palm Springs. We understand a number of our school children are having an enforced vacation ahead of time having the mumps.

Elizabeth Bleeker and Donald Hogan were married in Yuma last week. Miss Bleeker is manager of the Palo Verde dress shop at Rancho Mirage.

Cathedral City is rapidly rounding out its borders as a self-sufficient community. Last week we reported that the Tanner Motor Co. would establish a yellow cab in the village which we understand will be beside the Cathedral Pharmacy in the Linkletter building. Now another important step in our growth is the decision of the Southern California Gas Co. to construct their maintenance yard north of the Scherck rug cleaners on the corner of Commercial road and Ca-

## 5 From Cathedral Lions Club Attend Ontario Meeting

District Conference  
Attracts Service Club  
Men from Many Cities

Five members of the Cathedral City Lions Club and their ladies attended the Spring Conference of Lions Clubs at Ontario on May 21. Registration was at 9:00 o'clock after which there were many groups formed for the discussion of various phases of the club work such as the President's group, Secretaries, Bulletin Editors and so on. This occupied the convention until noon, lunch being served to Lions and Ladies separately.

The men were served lunch in the Campus cafeteria of the Chaffey high school, the Ladies at the Upland Woman's Club house. The afternoon session was devoted to the Student-Speakers contest. Quartette Contest and the nominations for District Officers. A banquet was served before the evening session in the Junior College Cafeteria. After dinner there were toasts, speeches and finally an adjourned session to the gymnasium for dancing.

Cathedral Canyon drive. Sufficient ground was purchased to care for a dozen or more company pickups with time-keeper's office, showers, meter room, etc. Probably fifteen employees will be based here. The Gas Company is welcome—and so is Mr. Lynch who will be in charge.

Cathedral City did not do so well in the election for school trustees, casting 88 votes out of a possible 300 odd. However our proportion ran similar to those of Palm Springs and the choice of our village was the choice elsewhere, giving the winning candidates the high vote here.

### EYE TO FUTURE

Housewives with an eye to the future are canning and freezing fowl now for use later when prices will be higher.

### CARE OF EGGS

An egg should never be kept for any length of time unless it is placed with the big end up in a suitable, well-ventilated container.

Then there was the great heart specialist who worked himself into prostration spreading the alarm to his middle-aged fellow citizens, "Better slow down!"

How the Russians can be sure it is Hitler's jawbone they have in their possession we cannot say. Of course, a bit of rug between the teeth would be significant.

Blood does not flow steadily through the small vessels of the body, but moves in jerks as the heart pumps.

WHEN meeting people face to face the various parts of us which make up our personalities, such as voice, eyes, smiles and manner, work together as a team to create a good impression... but when we meet people over the telephone we must depend almost entirely upon the voice—plus a few other little things. Here are some simple steps which help make friends by telephone.

When calling be sure to have the right number—memories play tricks sometimes. When the telephone rings, answer promptly... but when you are doing the calling yourself, give the other person time to answer—don't hang up too soon. When using a dial telephone wait for the dial tone before dialing the number. Speak plainly and unhurriedly, just as you would in ordinary conversation—lips about a half inch from the transmitter. A normal tone of voice is best—whispering is indistinct and shouting distorts words and may make your voice sound gruff and unpleasant. When you have finished talking, and are sure the other person has finished too, hang up gently.

A good telephone technique smooths the kinks out of conversations and speeds up service all along the line.

California Water & Telephone Company

## Villagers' Views

### HIGHWAY PETITION UPHELD

When it was recently proposed that the state highway be made to detour Cathedral City, the business men of Cathedral City and Tramview Village united almost as a complete unit to oppose it. Over 90% of the business men and property owners on the highway were thoroughly aroused. With many of them it would spell the loss of over half of their present business which is gleaned from the traffic passing by. There has been a tremendous growth in Cathedral City the last few years, and especially in its business area. There are 50 businesses and 80 landlords at present.

A good steady stream of traffic is the life blood of this business and statistics gathered by the business men prove that without the heavy traffic many would be forced to sell out, many others would have to fold up in the summer when local tourists and owners are gone and whose patronage is thus lost. Other towns have been pointed out in the state where the state highway has been diverted leaving these small cities as dead as backwoods communities in Pennsylvania. They don't want this to happen here, especially when they need the traffic trade all summer long when deprived of local patronage.

Most of the road need it has been pointed out is because of the danger of too many heavy trucks coming through the town. It seems absolutely silly to destroy the property values and 50% of the local business men's business just because some truck drivers want to run their big trucks through one of America's choicest tourist districts. What is the matter with our State Highway Dept. or our legislature or our County Planning Commission. Many large cities in the United States do not allow large lumbering trucks to go anywhere they please through the suburban districts or parks. They are told where to go and what routes to go on. Why can't the authorities

do the same here and then this lovely side of the valley will be left for those it was intended for—the tourists. And we want them—all of them we can get. We need them. They are our living. We do not want a highway that will push them through our midst at 60 miles per hour. We want them to have wide highways of course between our resort towns here, but we want them to feel they are welcome here and can drive along slowly if they wish and drink in the many unusual sights to behold in this great desert winter haven which has been planned for them at the cost of millions and millions of dollars. It has been said that the state is going to spend a vast amount of money making Route 99 a four-lane highway and reducing some of its grades. Fine. Let the speed boys and trucks use it. Keep this side of the valley for the tourists and for our sakes don't detour them from our resorts.—Sam Arner.

### Health Officer

Eastern Physician Will  
Serve Riverside County

Dr. Robert S. Westphal, former deputy city health officer of Rochester, N. Y., will be the new Riverside county health officer, according to Walter V. Pittman, chairman of the board of supervisors.

Pittman said last night that Westphal telephoned him and accepted the \$8200-a-year position that has been vacant since the recent ouster of Dr. Warren F. Fox.

The phone call, according to Pittman, was the aftermath of an informal conference yesterday afternoon between the board and Westphal.

The eastern physician said he believed he could move his family to Riverside and be ready to start his activities as head of the county health department by June 15.

## Security Loan ...

added that the payroll deduction plan would in many cases prove the best method in purchasing them for some persons.

**THE SECURITY LOAN** campaign, Bordwell pointed out, was made necessary because of the huge re-armament program now under way in the nation and the lowering clouds of a third World War.

He also added that the danger of disastrous inflation is still the greatest threat to the economy of this nation and the sale of Security bonds would act as a remedy.

"With or without war, or threats of war, this program is of critical importance to every man and woman in the United States," said Bordwell. "The surest curb against inflation is for each individual to increase his holding in the bonds presented in this campaign."

**DURING THE SALE** of "E" bonds during the war, a sales limit of \$5,000 each individual could buy was the rule. This ceiling has been lifted to \$10,000

and the right to purchase an equal amount for wife and children has been set.

"In other words," said Holland, "a husband and wife can purchase \$10,000 each of "E" bonds and a similar amount each for one or two children."

Wednesday Holland and his committee started plans which will assure the success of the sales drive. Holland said that placards will be placed in the window of Village merchants reminding persons to purchase these bonds. Sales teams too, will canvass the city.

Week to week announcements indicating the progress of the local campaign will be announced in the columns of The Desert Sun.

They used to argue about which came first, the hen or the egg. In regions where eggs are used to throw at unpopular speakers, those eggs may come first, as they are easier to handle.

Twelve millions pounds of steam, reported missing by Patterson, (N.J.) municipal steam plant, is thought to have been stolen—the first intimation of a hot steam racket.

Data collected for the Secretary of Defense reveals that 87.4 per cent of Army officers holding rank of major or above who were discharged since 1940, are receiving disability pensions, whereas only 63.4 per cent of Naval officers of a comparable rank retired during the same period, are claiming disability.

John Quincy Adams served as a member of the lower house of Congress after he retired from the office of President.

## Airport Applications Approved

### Assurance Given City Manager of Final Action Soon

Tentative approval of the city's supplemental application for 100 acres of the former Army Air Base was received in a telegraphic message from War Assets Administration, San Francisco by City Manager William E. Alworth Wednesday.

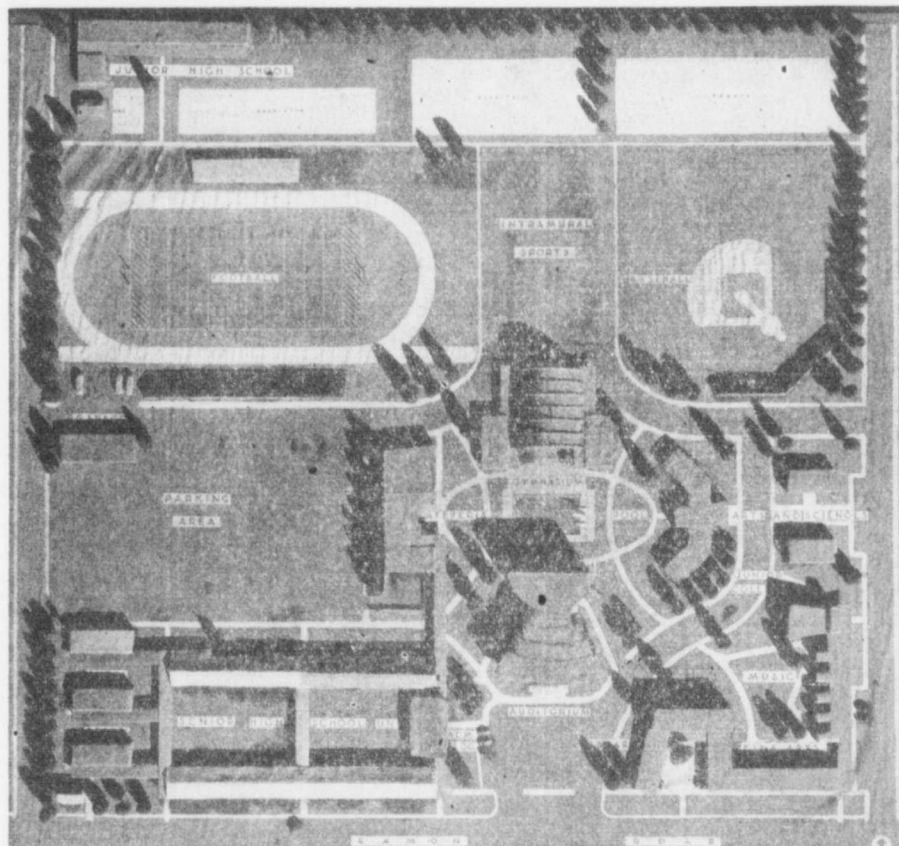

Final transfer of the land to the Village is expected after May 31, when priorities of governmental agencies higher than those of Palm Springs will expire.

**CONFIDENTLY**, it is expected that no rights of superseding priorities will be exercised with the almost positive assurance that the City of Palm Springs will get the land.

The land which is contiguous to the present runways of the Palm Springs airport, also has standing upon it several buildings. Five of these structures will be converted into offices which will house the city government.

It is hoped that formal transfer of the land will be received in time to convert these buildings into city offices before the expiration of leases held by Palm Springs on two Palm Canyon drive buildings presently housing the Village government on July 1. Advertisement of surplus lands of the former Army Air base is a formality followed in accordance with laws regulating the disposal of surplus declared governmental property. A period of time is set aside during which time governmental agencies may file a claim for the land. This formality expires May 31.

Master plan for Village High School which will ultimately include a Junior College. Work is in progress on some units, will start soon on others. The Junior High is shown in upper left hand corner.

## Construction Speeded at High School

Bids for the construction of the more than \$200,000 high school building which will contain a cafeteria, study hall, home economics department and a 10,000 volume library, will be opened June 8, and work is expected to start soon after.

Dr. Ernest E. Oertel, principal of Palm Springs high school, said that the gymnasium which has

been under construction for some time, is now between 60 and 70 per cent completed.

He added that the swimming pool is 90 per cent completed but may not be ready for use until sometime in August or September 1, because the power vault now being constructed under the site of the proposed new building, will not be completed for 90 days.

He said that he was exploring the possibility of using temporary power to motivate the large pumping equipment of the pool, but was afraid that the cost estimated at approximately \$3,000 would be prohibitive. The power vault beneath the ground and

with all underground cables emanating from it, would be the source of electrical energy used by the entire Palm Springs high school plant.

He said that the new building for which bids will be opened June 8 is expected to be completed sometime in January. The structure will comfortably seat 200 students in the study hall, would be constructed in the form of a "U" with a patio in the center.

"There's a lot of time yet to be spent in finishing the gymnasium," continued Dr. Oertel, "but it, too, should be ready for use by September 1."

### Student Veterans Eligibility Listed

Student veterans are not eligible for servicemen's readjustment allowances during vacation months unless they are actively seeking employment and their educational subsistence allowances have been discontinued.

Marvin F. Hughes, unemployment insurance manager in the Indio office of the California Department of Employment, made this statement today as a reminder to veterans that servicemen's readjustment allowances are not intended as summer vacation pay.

"Student veterans must understand," Mr. Hughes said, "that when the school year ends and they are out of school they are not entitled to subsistence allowances for school purposes, and they must make sure that these allowances have been discontinued before they claim unemployment benefits under the G.I. bill.

"Further, it must be remembered that veterans who plan merely to rest and relax between school terms are not eligible for readjustment allowances. They must be available for work and ready to take a job when one is offered to maintain their eligibility for allowance payments."

The Servicemen's Readjustment Act of 1944 provides severe penalties for willful violation of any of its provisions, and Mr. Hughes urges veterans not to endanger their future rights by thoughtless actions.

### Calelectric Plans New Stock Sales

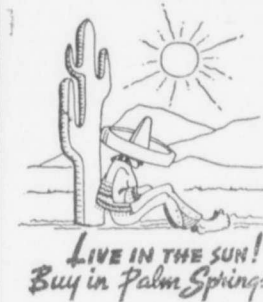

California Electric Power Co. yesterday asked the State Public Utilities Commission to exempt a proposed issue of 75,000 shares of convertible preferential stock from competitive bidding.

Company General Counsel Henry Coil said the company made the request for reasons of "marketability" and "technical brokerage convenience."

He said the commission ruled several years ago that utilities must sell preferential stock by competitive bidding, on the theory that competitive bidding brought better returns.

The Navy Bureau of Aeronautics has revealed the development of a fog-generating device for jet-propelled aircraft capable of creating a fog screen which could effectively screen an entire fleet within 30 seconds and which will persist for more than an hour.

## Remember?—Last September 15?

By SANDRA VEANO

On September 15, 1947, the little old yellow bus rolled out to dear old P. S. H. S. carrying in it a chattering crowd of kids, fresh from summer vacation. I don't think we knew what a swell school year was in store for us. We'll always remember those wonderful football games seated in the new bleachers under the new lights, and that Sadie Hawkins dance, complete with wedding rings. We'll always remember the day the jet plane crashed near the Junior High and all the demerits when we went to see it. Then came the Christmas Dance and who'll ever forget how beautiful the old and young looked that night. That mistletoe was fun too, wasn't it?

The "new look" came in with the new year and really went over big. By now rehearsals were going full swing for the operetta,

## Inquiring Reporter Quizzes Grads

How do you feel about Graduation?

With Graduation so close at hand, there are many long faces around school. Those Junior girls who have been dating Senior boys have quite a jolt ahead. And then the poor kids whose best friends are Seniors; and don't forget the Seniors themselves.

Sylvia Shields feels this way about it, "I'm sad about the Seniors leaving—especially you-know-who. I think the school will lose a lot of wonderful kids and talent."

Corky Hammond, on the other hand, says, "I don't think you'll find many boys who feel sad—the girls are the ones who will miss their girls friends and stuff."

After much hard searching, I finally found a boy who felt somewhat sad. Don DuBose says, "I feel sad, but I'll be glad when I get thru. Won't we all?"

Pat Fowler feels deeply about it, and I quote, "I feel pretty bad

# D. Cupid Is One of Busiest People on H. S. Campus

Little old Cupid has his bow and arrow out again and this time he must have had the help of the love bug too. Between the two of them they have inflicted more cases of love and spring fever into the students of Palm Springs high school than ever before in its history. Ye Olde classe of "48" are doodling hearts, initials and other love mumbo-jumbo instead of the time old insignificant numbers and undecipherable characters in the margins of their exam papers.

The first senior this year to take the fatal, Oh! I mean final step was Mary Ann Slocum, now Mrs. Gil Smith, who was married in Yuma, Arizona, early one morning about three months ago. Mary Ann and Gil arrived with the milkman and were shaking in their boots (maybe it was shoes), when they approached the chapel, and were on the brink of running for home when they neared the altar to say the final "I DO" ten minutes later. That was one of those impromptu marriages, but not as impromptu as that of Lolo Vallier. She met, married and traveled to North Carolina with her one love Mr. "Poodles" Ewing all in the short period of three weeks.

In a recent popular magazine there appeared these few words, "An engagement ring is like a tourniquet. It stops the circulation." This may be so, but to the Palm Springs seniors this seems to be a pleasant situation and a delightful development. Jo Wilkes has been going steady with Red Tomkins since that famous party at Snob Hill last year, and four months ago they became engaged, so that final step for them is fast approaching, as it is with Virginia Miller and Don McKinney. The dates are set for June 10th, and June 6th respectively. Bonnie Sue Taylor's steady since her freshman year, Les Wamsley, has decided they don't like long engagements so they will be married in the fateful month of June. Last St. Valentine's day has a special effect on the hearts of Dawn Okerland and Ed Jackson

# Joyce Buck and Mort Gilbert to Deliver Addresses

Joyce Buck and Mort Gilbert will deliver the valedictory and salutatory addresses at the tenth annual commencement services at the Palm Springs High School tonight at 7:30 p.m.

These students were chosen on the basis of their grades in academic subjects during four years of high school.

Joyce Buck came to Palm Springs from Rosedale High School in Kansas City, Kansas, this year. There she was active on the school paper, yearbook staff, a member of the Quill and Scroll, glee club, the junior play and many other activities. This year she has been appointed editor. She has also been a member of glee club, senior play and G.A.A. tor of Smoke Signals and Chia.

Mort Gilbert has attended Palm Springs schools since fourth grade. He received the Legion Award upon graduation from Nellie N. Coffman Junior High School, glee club, the junior play has been active in all class activities including assemblies and the senior play. He served as Commissioner of Boys' Publicity on the Student Council this year. He has entered the Legion Oratorical contest three times, and also several essay contests, one in which he won second place was on the need for a youth center. Mort was one of three boys who attended Boys' State from Palm Springs last year.

Joyce will speak on the high school years and what they mean to each senior at graduation time. Mort will welcome the parents and friends of the graduates in his talk.

because that was their engagement date, and they will be married in the waning summer month of August. Betty Ann Lilley and Mickey Albright who have all the appearances of an old married couple even now, have plans, as do Dot Winterton and her ever-so-much-heard-of "Bill", of being married before the year is out with no definite date set as yet.

# Last Will Probated By Senior Class And Made Public

After due consultation with eminent nose and throat specialists and the man of distinction, it has been ascertained that the majority of the class of May 28, in the leap year of 1948, is of sound mind and body; therefore, it is hereby proclaimed that this is the last will and testament of this distinguished group of inmates of the Palm Springs Institution of Learning:

MORIE AITKEN wills his darddevil motorcycle to Art Laidlaw and his Wheeler motor bike.

JACKIE AITKEN wills her flirtatious glances to Barry Devorzon.

JIM AITKINS wills his worn-out gym shorts to some equally poor soul who can't remember his next year (possibly Ann Wells).

NOEL BRUSH wills his various SMOOTH techniques to a younger member of the Five Roses, Fuzzy Focus DuBose.

JOYCE BUCK wills the CHIA dummy to Sandra Veano. (This is an albatross, and no kidding).

DICK DORO wills his football abilities to Charley "Hollywood" Black.

MARILYN ELLSWORTH wills her place as Cheer Leader to Charlotte McKnight.

BOB FLAVIN wills his wonderful way with women to Marshall Thompson.

SLOPPY COPY CARLIN wills his stuttering 'shutter to Gerald Maloof.

BOB HIGGINS wills his corn-cob pipe to Marlene Knower.

BETTY ANN LILLEY wills her hope chest to Nancy Nye.

JOY ARKELAN wills her sophistication to Virginia Pike.

VIRGINIA MILLER wills her Sadie Hawkins title "Wolf Girl" to Jerry Davis.

GERRY WILLIAMS wills her mermaid figure to Tom Luke.

BONNIE SUE TAYLOR wills the early marriage willd her by Edith Dunigan Greer '45 to Mildred Krug.

CHARLENE HOSS wills her Boss's lap to his next private secretary.

SHIRLEY RENVILLE loves tradition, so hereby wills the common sense that has been handed down from Violet Fletcher '45, to Joane Hookey '46, to Phyllis Renville '47, to Shirley Renville '48, to Audrey Benton '49.

DICK HENSON wills his bubbling personality to Marilyn Sorum.

TOMMY RAPHAEL wills his naive ways with the Junior women to Willie Vajsabel.

FRED GATES wills his roaring percolator to Jim Wills.

DON REED wills his class cat-

naps to Barbara Thompson.

NONA LAKE wills her world travels to Sylvia Shields.

BOB ARMESON wills his quiet ways to Phil Borden.

GLORIA ZASADIL wills her place as the last Senior to receive her diploma to Mary Yamate.

RAMONA WOODS wills her natural athletic abilities to the Crossley girls.

RUSSELL WILSON wills his wobbly skis on Senior Ditch day to all desert rats.

REIL WATSON wills his 2:00 a.m. job to Richard Day.

HAZEL VEITH wills all her extra merits to Brownie Brown who really is in need of some.

LOLO VALLIER wills "Gazoo-zit" to Dan Larson.

BETTY TIMMERMAN wills her musical talents to Jack Bentzen.

CONI TILGHMAN wills her iron hand in the velvet glove to Mable Potter to use with her steady.

K. K. YOUNGS wills his freshman year to all lucky bachelors.

MORRIS SOTO wills his civics papers to Jackie Kingsbury.

BOB SINGELYN wills his sweet kisses to the Junior girls.

CHUCK STONE wills his kicking toe to Sandra Small.

WILLIAM STEWART wills his trumpet blues to John Harp.

DICK RAUN wills his new Hudson to Mr. Remy, who just can't seem to get a new car.

LOUIS PEIRE wills his blue prints to Robert Mennell, who needs a plan.

TED LOTZ wills his subtle sense of humor to Ella Ruth Brown.

CHARLES LAURIER wills his place on the Friday round table to Mary Jean McCabe.

BILL JACKSON wills his filling station job to Bill Chaffey.

ANTONIA HOLQUIN wills her dancing shoes to Hortencia Ortega.

MORT GILBERT wills his old racing forms and torn up tickets to Chuck Geekhart.

VIRGINIA COONS wills her "Ernestine" voice to Pat Fowler.

DUANE ARNS wills his strong opinions to Lopez.

MITSUO SAKAYEDA wills his quiet determination to Bill Slocum.

NEAL CRUMP wills his good manners to Ronnie Nelson.

MARJORIE PORTER wills her bright ideas to Alma Muck.

BYRON NORRIS wills his modesty to Bill Styers.

GARY MOORE wills his nonchalance to Lois Wrathall.

PHIL MILLER wills his sacked up energy to Art Laidlaw.

JOANNE WILKES wills her long hair to Chuck Marlowe.

CARLTON AARON wills his collection of comic books to Pat Hall.

STUART GRABER wills his walk to D. D. Hines.

DAWN OKERLUND wills her job behind the candy counter to Richard Krings.

DOT WINTERTON wills her office job to Mr. Schwendiman, so he can be in the office all the time.

LEGAL NOTICE

CERTIFICATE OF INDIVIDUAL DOING BUSINESS UNDER A FICTITIOUS NAME

Civil Code Sec. 2466-68

No. 3718

STATE OF CALIFORNIA )  
COUNTY OF RIVERSIDE ) ss.

I hereby certify that I am transacting business in the State of California, at Broadway and Lavender Lane, Cathedral City, California, under a designation and name not showing the name of the person interested in such business, to-wit: "NATIONAL TRAILER STORE AGENCY"

Name: ELMER WALBERG  
Place of Residence: 1441 East Ramon Road,  
Palm Springs, California.

STATE OF CALIFORNIA )  
COUNTY OF RIVERSIDE ) ss.

On the 19th day of May in the year one thousand nine hundred and forty-eight, before me personally appeared Elmer Walberg, known to me to be the person whose name is subscribed to the foregoing instrument and he acknowledged to me that he executed the same.

WITNESS my hand and the seal of my office this 19th day of May, 1948.

(SEAL) G. A. PEQUEGNAT  
COUNTY CLERK and Ex-Officio CLERK OF THE SUPERIOR COURT in and for Riverside County, State of California.

By JEANNE THORSON, Deputy.

Desert Sun—May 28, June 4, 11, 18, 25.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

May 17, 1948

TO WHOM IT MAY CONCERN:

Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Restaurant - Soda Fountain Concession (South 15x75 feet) of premises at 441 So. Palm Canyon Drive, Palm Springs.

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance on original application of an alcoholic beverage license for these premises as follows:

On-Sale Beer.

Anyone desiring to protest the issuance of such license may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

# Whee! there's that ZIP again!

**LUBRICARE—**  
**tailor-made lubrication**  
**for Buicks**

It's lubrication made to measure for your Buick by the engineers who built the car—with lubricants carefully chosen for just one reason: they are best for your Buick.

Men who know Buicks thoroughly see that all the different points that need it are properly supplied with exactly the right kind and right amount of lubricant.

You're away knowing your car is protected and set to roll smoothly and dependably with lubrication that has been matched to the mileage you have driven.

**SEE YOUR BUICK DEALER**  
**REGULARLY FOR LUBRICARE**

No wonder you grin! There's that *zoom* again—that go—that flashing spirit that you know is built in Buicks. There's that split-second answer to your call for power, the feather-light response to your finger that makes your two-ton honey handle like a baby buggy.

This is what happens when a Buick is cared for by men who know Buicks best—men who know the height of spirit a Buick can reach and how to bring it out.

Buick men have a way with Buicks no one else can have. That's only natural. Whatever they do, they do as the designers and builders of Buick say it should be done. They use Buick-approved checks and tools. And when time and miles finally take their toll in wear, they have right at hand a stock of Buick-engineered replacement parts.

Wheel in and they'll sweeten your engine to bring out all its surge and go. They'll steady your car's easy gait and make steering limber. They'll even take out your worn engine and give you new-car zing and power with a factory-fresh Fireball.

See for yourself. Bring your car in and get real, understanding Buick car care. You can't buy it anywhere else—and job for job it doesn't cost you a penny more.

**BUICK CARE**

**BEST**

ENGINEERED Buick PARTS

## Thoughts on Graduation

By BROWNIE

Mary looks so lovely, as she marches from the stand; So prim and proper, all in white, diploma in her hand. Behind those glasses drops a tear, and those sad eyes seem to say—"I should be proud and happy—this is Graduation Day—Yet in my heart, I feel a weight, heavy with unshed tears—How I will miss the work and play of four ecstatic years." Her college years will be the same, filled to the brim with learning. And when she meets her future friends—gone, will be this yearning!

There goes Jenny, cute and sweet—with saucy little nose, Her blue eyes sparkling with joyous tears, as she glances thru the rows—"There he is, my darling Jim—smiling that dear smile—I've waited so very long for him, four years is quite a while—Soon we'll be married—and in our home, just as we've planned to be; But my high school days will always be, a sacred thing to me!"

Danny, in his cap and gown looks like a mighty king— In sports, and grades, and plays, and girls—he's ruled everything. But in spite of outward calm, his thoughts betray the truth—"This is the day I say good-bye, to my folks, my friends, and—Ruth. When I'm drilling over there and the going gets too rough—I'll think of the lucky years with her, and that will be enough. The football game I broke my leg—there was Ruth and mom—The many dates—to show or dance, and last, the Senior Prom.

These have been the greatest years, and if I could live them again—I wouldn't change a single hour, of love, or mirth, or pain." He's transformed from boy to man, and the service will be glad—To have qualities of strength and will in an American lad!

Carol Ann with head held high, is humming to herself— But soon her ringing voice will bring her, fame and wealth. Her opera contract is all signed, and she'll soon be on her way—But grateful thoughts pass thru that head on Graduation Day—"If I hadn't sung in all the leads, I might never have been found—This joy is mixed with sadness, and makes my head go 'round and 'round—

But thru this dizzy whirl, I see one thing very clearly— These are the people and this is the school that I will love most dearly."

Bobby finally got up there, we thought he'd never make it— But now, the end of his fourth year he doesn't have to fake it— He thought that he could get thru school by playing one big bluff— But the grades on his report cards proved he wasn't quite so tough. He's crying like a baby now, and doesn't care who sees—"I know now that I was all wrong—forgive me, God—oh, please—In spite of my resentment my teachers taught and got me here—And now I want to give my thanks with success in some career." He's a good boy underneath, and means what he just said— And he reaches for his diploma with humble, down-bent head.

These are just examples of the thoughts each one does think, As they take that piece of paper and their hearts just seem to sink. That empty, home-sick feeling—like first day of school for a child; Without their mother's helping hand; lost, alone, and wild. The haunting memories flooding fast, of heartache or of joy— And how you worked and slaved to get that certain girl or boy. The scrambling to the lunch-line, the gossip in the hall— The endless sitting by the phone for that long-awaited call. The excitement of the formals, and dancing by the hour. The final kiss good-night and a crushed, but treasured flower. Each tear-drop is a memory, that's shed on Graduation— Each memory is a token of our appreciation! ! ! !

THE LATELY REVEALED Truman gift for impromptu oratory is scarcely surprising. It is only to be expected of an old haberdasher that he will have plenty of cuffs to speak off.

The American parents credo: If the boy is a dope in school he needs glasses. If, on the other hand, he leads the class it's heredity.

County service offices or community service centers in 142 California cities are prepared to advise veterans and their dependents on all benefits.

**NEW USE FOR CASTOR OIL**

Castor oil, which only a few years ago was popularly thought of chiefly as a bad tasting medicine, has become highly useful in the paint, varnish and lacquer industry.

# SUCCESS *and Congratulations* GRADS OF 48

## The World is Yours!

It may not be in the best shape—and there may be plenty of knotty problems you'll have to solve—but the world and all that's in it is now yours.

We hope that it may be a bright and shiny future you step into, and if it's not, then we trust and feel with certainty that you'll create and make of this old world of ours, a finer, saner, more peaceful world in which to live.

We can face the future with calm reassurance because of you graduates, knowing that as you take over more and more of your elders' responsibilities, they will be in sure hands, and the coming years will be better and brighter as a result.
